

J. L. R. Bell Chairman Of Public School Board Will Discuss Salaries

J. L. R. Bell was elected chairman of the Newmarket public schools board at the board's first meeting of 1951. During nominations at the Prince Charles school Friday night, Mrs. M. B. Seldon and Mr. Herbert Atkins withdrew their names in favor of Mr. Bell as chairman.

It is expected that the board will increase teachers' salaries at the next meeting.

It was suggested that the trustee-staff relations committee meet with teachers this week to discuss salaries. Said Mr. Atkins, "We promised to look after their request for a cost of living bonus by the first of this year."

Allan Perks, Bell and Atkins, trustees elected for this year were sworn in by the secretary, Robert Pritchard. The following standing committees were struck: finance, all members of the board with Mrs. Seldon chairman; property, Allan Perks, Herbert Atkins, Mrs. C. A. Curtis, chairman; management, Perks, Atkins, Mrs. Seldon, chairman. Mr. Atkins was elected vice chairman of the board.

Mrs. Seldon said that according to the department of education, a classroom could not be held open in the King George school for half a day for a kindergarten class. She said that the department had been consulted and that Mr. Routley of the department said the classroom could not be used for kindergarten purposes because of crowded conditions.

The board approved a motion by Mrs. Mathews and Mrs. Seldon that three days notice be given by deputations who intend to interview the board. Deputations who do not give notice will be deferred until the next meeting. If it is an urgent

case a special meeting would be held for the deputation.

Mrs. G. E. Case was re-appointed the board's representative on the Newmarket library board and Mrs. Curtis and Mr. Perks as representatives on the recreation commission. Mrs. Carter was re-appointed attendance officer with a salary increase from \$275 to \$325. A letter had been received from her asking for an increase. She said that the town had grown to the extent that her work was greatly increased. She visits the schools once a week, makes phone calls and pays frequent calls to children's homes.

Mr. Pritchard, the secretary was given an increase in salary and Mrs. J. C. R. Edwards was re-appointed representative on the Newmarket-Sutton high school district board.

A new system will be started in Newmarket to keep a record of each student's health and academic standing through public and high school. H. A. Jackson, supervising principal, showed the school board record forms which the department of education has been urging teachers to use.

"I have felt for years that we have had an inadequate system of recording a pupil's progress," said Mr. Jackson. According to Mr. Jackson a general record is made on each pupil and a separate report is made every year on

Aurora's Kennedy St. Home Owners Press For Property Restriction

A petition for a restriction by-law affecting property along Kennedy St., Aurora, was taken to Aurora council last week. The petition requests that building lots be no smaller than a half-acre with at least a frontage of 100 feet. So far council has taken no action on the petition. It was signed by 34 ratepayers and 27 residents made up an unusually large delegation at the council meeting.

Harold Greenhalgh acted as spokesman for the group. "In presenting the request for this by-law, we are trying to keep a high standard in the area," he said. "If 16 houses are built in the area for example, what will the septic tank situation be like?"

Col. T. Dann said that he had moved from a congested area because he did not want to be next to other people's back doors.

"If a road is put in running north and south, back doors will be our chief view," he said. Mrs. Dann said that drainage from other properties had caused trouble and that if the town allowed the proposed number of houses to be built, their property would become a cesspool.

Chairman of the planning board, Dr. C. R. Boulding, said that he supported the property owners' request for one-half acre lots. He said that a plan made by a Mr. Standish, Toronto, for 17 houses had been submitted to the board and fulfilled all requirements of the land-use act. He said that the board would inform Mr. Standish of the residents' complaints and ask for a revision to include only 11 houses.

Mayor Alex. Bell agreed that residents should be protected and that the by-law would receive council's full consideration. Solicitor Lorne C. Lee said that the council had the authority to pass

the requested by-law. Councillor Victor Jones said that he thought it would be a good idea if the residents bought up all the property for their own protection.

Dr. Henderson suggested that the delegation wait for results of an interview with Mr. Standish. "Are we not forced to act when 75 percent of the residents make a request?" asked Reeve A. A. Cook.

At the same council meeting three members of the works department asked for a ten-cent an hour increase. It was referred to the personnel committee. Council accepted the police committee's report dealing with a recommendation for another full time constable at a salary of \$2,000 plus cost of living bonus, also a police cruiser without radio equipment.

Residents of Kennedy St. who comprised the delegation before council Monday night were: Mr. and Mrs. Harold Greenhalgh, Mr. and Mrs. Rea Beckwith, Mr. and Mrs. Geoffrey Rowat, Mr. and Mrs. Jack Crabtree, Mr. and Mrs. P. Rickard, Mr. and Mrs. E. H. Stoltz, Col. and Mrs. Dann, Mr. and Mrs. Wheelock, Mr. and Mrs. Brook Patterson, Mrs. K. McTaggart, Mr. R. Gibb, Mr. Jim Stoddart representing Mrs. W. Sisman, Dr. E. Henderson, Dr. Boulding, Mr. H. Fluey, Mr. Childs, Mr. Sulek and Stan Walker.

High Increase In School Costs May Double Non Residents' Fees

Newmarket public schools board may increase its non-resident pupil fees from \$5 to \$10. Secretary of the board Robert Pritchard said that a cost of 51.3 cents a day had been worked out as the cost per day of educating a pupil. "With around 20 school days per month, it would cost approximately \$10 a month," said Mr. Pritchard. "According to the act, we can charge this much."

The act also states that there can be a difference between fees where the pupil himself pays and where another school board outside the community pays, the

secretary said. It was stated that O.M. McKillop, school inspector, planned to explain the cost figures to the East Gwillimbury school board, indicating that the board had a right to ask for the increase. It was also suggested that a joint meeting be held with the Newmarket and East Gwillimbury school boards to discuss a new fee.

According to the secretary, the fees for 47 East Gwillimbury pupils are paid by other school boards. There are 27 or 28 additional non-resident pupils who pay their own fees.

Ethelmer Ada's Snowball is the champion four-year-old Guernsey who completed her new Canadian milk production record Tuesday night. Snowball belongs to the Kingfield Farm herd of C. F. W. Burns at King. In 385 days, milked three times a day, she produced about 18,606 pounds of milk and 915 pounds of butterfat. Here Snowball is being congratulated by Deputy Minister of Agriculture C. D. Graham, Mrs. Burns, Mr. Burns and Reg Canning, in charge of test cows in the herd.

Erwin Winch New Clerk For North Gwillimbury, Council Moves Offices

Erwin Winch, Keswick, has been named the new clerk of North Gwillimbury township. The decision was made at a council meeting on Monday night at the home of Deputy-Reeve R. J. Pollock.

Mr. Winch will replace Fred Peel, Keswick, who has been township clerk for the past 12 years, and since 1943, tax collector and treasurer as well.

The move followed a decision to change the township office from Mr. Peel's mill premises to Jack Bain's store in Keswick.

Mr. Peel, it was said, had told council he would be unable to be at his place of business and at the township offices too, not at his present salary.

Three resolutions passed by the council tell the story. The first was a resolution to rent the two front rooms of Jack Bain's store in Keswick at \$300 a year. The second was a resolution to send

Assistant Clerk Gives Aurora Resignation

The assistant town clerk of Aurora, William Large, submitted his resignation on Tuesday morning. It was reported that he refused to carry out certain of his duties that morning and submitted his resignation to council. Council will still give him two months pay which is authorized at the council meeting the night before.

Mr. Large was given an opportunity in an hour long talk before council Monday night to express his grievance. He stated that he had only been given a week of holidays in his eleven years of service, but that he had no complaints of his work for the town or at the clerk's office. He said there had been an unpleasant relationship in connection with his work for the hydro commission.

Two months leave with pay had been granted him by the hydro and the council. A resolution by Harold Pringle and Reeve Cook asked that Mr. Large remain with the town until a replacement could be hired and trained to work for the clerk. Mr. Large said he was satisfied with that.

DEFEAT STOUFFVILLE

Our scrappy band of Optimist bantams are flying. Tuesday evening, they registered their fourth straight win of the season in O.M.H.A. competition, doing it up right by white-washing Stouffville 4-0. Grant Morison was the pepper-upper, sparking the Optimists with a two-goal performance and a doing some nifty blue-line work. Bill Forhan and Bob Wilson were the other goal-getters. Murray Young, about ready to step into Joe Tunney's boots, did some fine shot-blocking to gain a shut-out.

ON ARENA BOARD

Mayor Alex. Bell and Councillor Robert Gundy were appointed to act as council representatives on the arena board at Aurora.

DOGS STILL FREE

Aurora town council turned down the recommendation of the police committee that dogs should be confined or kept on leash 12 months of the year. Numerous complaints have been made of dogs knocking over garbage cans and distributing refuse.

A letter to Mr. Peel expressing regret that he could not see his way clear to move to the new location as township clerk at the present salary. The third called for the employment of Mr. Winch at a salary of \$2,600 a year as town clerk.

A fourth resolution was to the effect that council contact Mrs. Collings, at present employed in the township office, to continue this year in that capacity.

The council had earlier intended to build a township office this year but with the cost of re-assessment to be paid, these plans were postponed in favor of renting office space.

Mr. Peel has been a feed mill operator in Keswick for the last 17 years. During that time, the assessment of the township has more than doubled. He had not been officially informed when his duties as town clerk would be ended, and had no comment to make on the change.

Mr. Winch is no stranger to municipal office. He was one-time treasurer and tax collector in the township, and also served as an assessor.

Pte. Bill Denne In Korea, Writes Home From Miryang

A letter from a Newmarket soldier in Korea was received last week by William Ingram of the Canadian Legion. Pte. W. H. Denne, the only Newmarket man in Korea is the son of Mr. and Mrs. William Denne, 10 Elm St. and he writes a letter of appreciation to the Newmarket branch of the Legion for a Christmas parcel sent to him in Korea.

"We seem to be so far out of touch with the rest of the world, it is indeed gratifying to know that we have considerable comrades back home," he writes. "The package was in good condition on arrival, and I assure you it was gratefully appreciated."

Pte. Denne's letter was dated at Miryang, Korea, where Canadian forces are located at present, undergoing training manoeuvres. In a letter home recently he said he had shot a deer near camp, having better luck than his father did in the fall season back in Canada. The deer are plentiful here, he said. He said that members of his unit are living in tents in an orchard near Miryang.

Bill Denne was in the navy for four years during the second world war and sailed on the peacetime cruise with H.M.C.S. Uganda around Cape Horn, the southernmost tip of South America. He represents the fourth of his family on active service.

His great grandfather was in the British navy, grandfather in the Northwest Rebellion and his father was with the York Rangers in the first world war. Bill was with the Rangers reserve at Aurora after the second war.

Jack Forhan of Newmarket was with Pte. Denne out west but he was injured and did not sail overseas with Pte. Denne.

Payment of \$5,100 to Stanley Miller was authorized by the Newmarket council Monday night. The money is to be paid back to Mr. Miller for installing municipal services in a new subdivision on the north side of Eagle St.

A year ago council agreed to pay for the services after Mr. Miller had developed the subdivision and houses were built there. Council said he would have to install water and sewer services himself with the understanding that the town would pay for them later.

"It is time we did something about a policy on new subdivisions," said Councillor Frank Bowser. "Persons who develop their own subdivisions should pay for the services themselves. We see every day what other people have to do to start a subdivision in other municipalities and it's time we did something about it here."

Fred Gardiner Elected Pres. Legion Branch

Fred Gardiner was elected president of the Newmarket branch of the Canadian Legion last week. Mr. Gardiner takes over from Cecil Jarvis who was the president during 1950. In an address to the members, Mr. Jarvis said that the success of any organization can be summed up in the one word, "feeling".

He said that the important thing for the Legion was that the members felt the organization was doing something worth while and helping others.

The following are other officers elected: 1st vice president, Harold Eaton; 2nd vice president, Neil MacDonald; executive, Charles Gordon, Milt Wesley, William Ingram, Paul Tobey, Wes. Tohey, Mickey Smith, D. Pemberton; treasurer, Wm. LaParde; recording secretary, George McNelly; correspondence secretary, Earlby Thompson; Sgt.-at-arms, Bob Stickwood and Sidney Brice; cemetery representative, Alfred Smith; padres appointed, Father McCabe, Rev. H. Cotton.

NEAR HALF MILLION IN BUILDING '50

In 1950 there was nearly a half million dollars worth of building done in Newmarket. A report from the building inspector, Jos. Brammar who has now retired, revealed to town council on Monday night a large number of building permits issued during the year. The total value of construction was \$420,000.

The chairman urges every citizen to get behind the campaign sponsored by the Optimist club of Newmarket. "Our objective here is at least a dime from every resident in our area," said Mr. Dales.

The Newmarket Optimist club is holding a tag day for the Canadian March of Dimes on Saturday. Chairman of the Newmarket committee for the March of Dimes campaign is J. O. Dales.

The committee states that the objectives of the Canadian campaign are to raise sufficient funds so that no "polio" victim goes unattended in Canada, to supplement and co-ordinate present government and voluntary effort so that "polio" will eventually be eliminated. The campaign plans to help organize every community to fight "polio" and to give every citizen a chance to contribute and help achieve the objectives.

Give Committee Funds Asked For Town Hall Work

The property committee of the Newmarket council is going ahead with renovations to the town hall. On Monday night an enabling by-law was passed to provide \$35,000 to cover the cost of alterations to the building. Last year the Ontario municipal board held up a \$60,000 debenture by-law until council obtained a firm bid to determine the cost of the complete alterations.

Council decided to complete the project using town employees as much as possible.

The reason the municipal board turned down last year's debenture was that without a firm bid, council had no guarantee that the costs would not be greater than the debenture figure. The board said it did not want the town to be forced to debenture for more money later on.

Councillors Tom Birrell and J. O. Dales of the property committee have been working on renovation plans and the work has been carried on slowly. A heating unit was put in during the summer. At present Ward and Allan, contractors, are working on alterations. Provision will be made for the town clerk's office, police court and other officials. The \$35,000 is expected to pay for the complete project.

Said Councillor Frank Bowser Monday night, "I hope that they know what they are doing. That work shouldn't be done without a sewer plan. You will have to be sure what you are doing and know where all those sewers are under the building." Plans call for extensive work deepening the basement of the town hall.

"Several people have come to me and are asking why it is not being done without proper plans," Mr. Bowser said.

"I asked for the plans a couple of weeks ago," Mr. Birrell stated. He said that a vault for the clerk's office had already been partly built.

Said Councillor VanZant, "I hope the engineer knows what he is doing about those footings." He predicted that there might be some danger from quicksand and gravel under the building.

"We haven't touched the outside wall yet except for one place for a sewer," said Mr. Birrell.

Hugh Leslie, left, and Herbert Jarvis, Agincourt, are on their way to tour Europe in the plowing matches in Great Britain. Top among the Canadian competitors of the international plowing matches at Alliston, they are both tractor men, but will have to find horses in England with which to compete.

News of the W.I.
In North York

News for this column must be in the office Monday night. Copy must be written as briefly as possible and confined to news and reports. Other than routine reports and announcements will be printed separately.

Pine Orchard branch met at the home of Mrs. Jesse Lundy on Wednesday afternoon, Jan. 10, with 22 members and three visitors present. Meeting was opened by president. Minutes of last meeting were read and approved.

It was decided to hold a croquille party at the school on Friday evening, Jan. 12. Family night will be held at Union church on Friday evening, Feb. 16.

Letter was read from Titchmarsh W.I. in England and acknowledging receipt of Christmas box. Mrs. Arnold Johnson and Mrs. Harry Brammer were appointed leaders to take Home-maker club course on "Milky Way".

Miss Margaret Broadfoot, W.I. branch, department of agriculture, will conduct a course at the United church, Aurora, on February 21 at 1.30 p.m. on "Food for Healthy Children". This is centre York's district project and all leaders are cordially invited to attend.

Mrs. Howard McClure, convener of historical research committee, was in charge of the program. Mrs. R. C. Bayeroff, centre York district president, was present and gave a splendid outline of W.I. objectives. Mrs. J. Hope read an interesting paper on current events compiled by Mrs. J. Hope and Mrs. William Lundy. Roll-call was well responded to by earliest recollection of grandmother.

Hostesses Mrs. Howard McClure, Mrs. Jesse Lundy, Mrs. Wm. Lundy, Mrs. R. Chapman, Mrs. J. Hope and Miss Betty Hope.

The regular meeting of the Elmhurst Beach branch was held at the home of Mrs. Will King with eight members present and five visitors. The roll call was a good deed done by a neighbor and we had some very good replies letting us know that this is a wonderful neighborhood and the folks that live around here are grand people.

We had Mrs. Armstrong, our district president, and Mrs. Sinclair, the district secretary with us and as usual they had something good to tell us—Mrs. Armstrong on the work of the institute, and Mrs. Sinclair giving us a talk on the trip to Copenhagen.

Mrs. Armstrong began her remarks with a prayer for the new year after which she said that if the women of the Institute in Ontario would all pray and the women of the Institutes in all Canada, yes and the women of the world would pray, this would be a better world and peace would come. She also gave us ten resolutions which were very good.

In closing her remarks she handed to the secretary a picture of a fruit cake which she had made for the York County Centennial which was held in Sharon Temple June 24, 1950.

We closed with the singing of God Save the King after which we had a social half hour and the hostesses served a dainty lunch.

The January meeting of Lakeside branch to be held at the home of Mrs. Frank Marritt, has been postponed from January 23 to January 30, one week later. Belhaven W.I. will be guests and provide the program. Will all members kindly note this change of date?

The January meeting of the Mount Albert Women's Institute was held in the hall on Thursday afternoon with 32 ladies present. The vice president, Mrs. Donald Stiver, took the chair. The members were asked to remember Blue Cross is due and all fees must be paid by February 1.

A short course in school lunches will be held on January 25 to 28 at the home of Mrs. Macpherson. Further notice later. A

The January meeting of the Gormley branch is in the form of a "men's night" to be held at the home of Mrs. R. C. Bayeroff, on Wednesday evening, Jan. 24. The agricultural convener, Mrs. Bayeroff, is in charge of this meeting and will have Mr. Ewart Sliver of Unionville as guest speaker.

The executive will meet at an earlier date to deal with all business matters so that they will be in a condensed form for this special evening meeting.

Mrs. Allan Pope will tell us about Canada's newest province, Newfoundland, and Mrs. Roy Howlett will give a paper on one of our most popular wildflowers, the violet. Roll call is to be answered by "name York County Industry and location". Gazette: Mrs. J. Gamble. Plans are in progress for a fine program. All provide.

Aurora branch will hold its regular monthly meeting on Thursday evening, Jan. 25, at 8 p.m. at the home of Mrs. H. H. Corner, 50 Wellington St. E. Roll-call: "A noted doctor and his specialty". This meeting will be in the charge of Mrs. R. Jennings, convener of home economics and health, and we are looking forward to having Dr. Reddick of the Ontario hospital as our guest speaker. All sunshine bags to be handed in at this meeting, please.

The Belhaven branch met at the home of Mrs. Norman King last Tuesday afternoon with about 30 present. After a short business session, the convener Mrs. Kydd, gave a paper on historical research, Mrs. Kydd, Mrs. H. Winch gave a short article about prices of 40 and 60 years ago. A lovely solo was sung by Miss Rita Jacobs. Mrs. Smith read a very interesting article about spiders and their webs.

Mrs. Horner spoke of the early Talbot settlement about St. Thomas. In her talk she paid tribute to our forefathers by relating the hardships which they encountered and overcame. Mrs.

Mount Albert News

Mr. and Mrs. Gordon Husband, Harris, Sask., were guests last week at the home of Mrs. Agnes Crowl.

The community card party and dance in the hall on Tuesday evening was largely attended with 13 tables of euchre and eight tables of 500 and everyone had a nice time. The lucky prize winners were euchre, Mrs. Nettie Fletcher and Bill Holstock; for 500, Mrs. Allan Hopkins and Mr. Walter Rate. In the latter part of the evening, there was dancing with Arnold's orchestra.

Net proceeds were \$25 for the W.I. which sponsored it.

The park and hall board for the coming year is as follows: Jack Rye, chairman; Morley Case, vice chairman; Mrs. M. Stokes, sec.-treas.; Beverly Sinclair, Roy Carr, Mrs. Bruce Rolling and Walter Rate.

County Holstein Club
Annual Meeting Jan. 24

On Wednesday of next week,
January 24, the lovers of black
and white cattle will meet at
the Masonic Hall, Richmond Hill,
for the annual meeting of the
York County Holstein Club, the
oldest and largest of the breed
clubs in the county. Secretary
Roy Barker of Woodbridge
warns everyone to be there be-
fore 10.30 to be eligible for those
lucky door prizes. Reports of
the various officers and fieldmen
will be presented and lunch serv-
ed at noon as usual.

The afternoon will be taken
up largely with the election of
directors and the address by Dr.
H. L. Patterson, director of the
farm economics branch, Parlia-
ment Buildings, Toronto, who
through the dairy herd improve-
ment associations has made a
very interesting survey of dairy
farming operations. No doubt
there will be considerable dis-
cussion on the proposed amend-
ment coming up at the Canadian
annual meeting regarding the
limiting of registration of bulls
to R.O.P. stock.

Tell of Jersey Is. Trip
At Annual Meeting

Jas. Bremner, Toronto, secre-
tary of the Canadian Jersey Cat-
tle Club, who recently returned
from a trip to Jersey Island, will
give an account of his trip at
the annual meeting of the York
County Jersey Club in the agri-
cultural board room at Newmar-
ket on Monday, Jan. 22. The
morning session will start at
10.30 and a free lunch will be
served by the association at noon.
The directors are very anxious
for all Jersey breeders to join
them for the entire day.

York Juniors At Home
Newmarket High School

York County Junior Farmers
are looking forward to their
second "At Home" dance which
will be held at the Newmarket
high school on Jan. 26. Last
year's event was quite success-
ful and those who attended real-
ly enjoyed it. However, this
year's committee are appealing
to ex Junior Farmers as well to
take advantage of this opportu-
nity to renew acquaintances with
former co-workers.

Dress for the occasion is semi-
formal and lunch will be pro-
vided. There will be a series of
prizes for lucky people. Tickets
are available from officers of lo-
cal junior farmer clubs or from
the department of agriculture,
Newmarket.

Members of the white race
have more hair on their heads
than any other race. They have
an average of 50,000 hairs.

"Stay on the farm" is the theme of the Ontario Junior Far-
mers' convention being held in Toronto. Delegates are attending
from all over the province. Among them are: Allan Brown, left,
North Simcoe; Bob Brown from South Simcoe and Don Milburn,
Peterboro.

Peter Burt Appointed
1951 Census Commissioner
For York North Riding

Peter Burt, 70 Brooke Ave., North York township,
has been appointed census commissioner for the riding
of York North.

For the purpose of taking the
1951 census, Canada has been di-
vided into "census districts"
which correspond with electoral
districts, and each census district
is divided into sub-districts or
enumeration areas.

The 1951 census will be the
most important ever taken in
Canada, because it will show
where Canada stands at the half-
way mark of the century in re-
gard to the numbers and charac-
teristics of the people, their age
distribution, urban and rural dis-
tribution, size of families, native
and foreign born, their origins,
housing conditions, their occupa-
tions and other details.

This vast amount of informa-
tion will illuminate the charac-
ter and scope of the important
primary industries of agriculture
and fishing. For the business-
man the basic information on
population and agriculture will
furnish valuable data for market-
ing studies and it will be supple-

mented by a wealth of facts ob-
tained through the census of
merchandising covering whole-
sale and retail trade and service.

Well Qualified

Taking the census is a big job,
and Mr. Burt, the North York
commissioner, is well qualified
for the important task of direct-
ing the work in this riding. An
accountant and business adminis-
trator of many years experience,
he has an intimate knowledge of
all parts of the constituency with
its diversified interests and rap-
idly expanding population.

So that the next census may
be as complete as possible the
government has left no stone un-
turned to ensure thoroughness of
preparation. It will use new pro-
cedures which have been de-
signed after extensive research
to improve the accuracy and
speed of the census, and which if
successful, are likely to serve as
a model for other countries.

North York Temperance Fed.
Annual Convention Feb. 9
At Queensville United Church

The annual convention of the North York Temp-
erance Federation will be held in the United church at
Queensville on Friday, Feb. 9. There will be two
sessions, from 2.30 on in the afternoon and from 7.30
on in the evening.

Rev. Albert Johnson, general
secretary of the Ontario Temp-
erance Federation, will address
in the afternoon session and the
youth public speaking contest
will be held at the evening ses-
sion.

Supper will be served at the
church by the Women's Associa-
tion.

The public speaking contest is
open to all the schools, young
people's societies and clubs in the
riding of north York. There are
three classes in the contest: (a)
A temperance address, time limit
ten minutes, for speakers 15
years of age and over. The
county prize for this class is the
Dr. S. J. Boyd Silver Cup; (b)
A temperance address, time limit
ten minutes, for all who have
passed their 12th birthday, and
have not reached their 15th
birthday. The county prize for
this class is the J. M. Walton
Silver Cup; (c) A temperance
recitation, open to all under 12
years of age. The prize for this
class is the Dr. Wilson Silver
Cup.

For further details, write Rev.
M. Coupland, Newmarket.

Briefs From
Aurora Council

A petition signed by 34 resi-
dents of Kennedy St. West, was
presented to Aurora council last
week by Harold Greenhalgh. The
residents ask that a by-law
be enacted "that no parcel of
land may be sub-divided as to
contain less than half an acre,
and that the street frontage in
each individual lot or parcel be
not less than 100 feet".

The boundaries for this by-law
were named as: south, Highland
Golf Club, east by the Tannery
Creek; west of Yonge St., north,
northern boundaries of several
properties on north side of Ken-
nedy St. from creek to west
town limits. West by boundary
of town of Aurora.

No action was taken by council
at its first meeting regarding
this petition.

A letter from the Lions club
offering to purchase the Mecha-
nics Hall from the town upon
vacancy by the Aurora Textiles
raised the question whether the
town should rent or sell the prop-
erty.

Councillor Harold Pringle was
in favor of having another indus-
try take over the building, either
on a rental or sale basis, which-
ever would prove most profitable
to the town. Councillor Chas.
Davies moved that the hall be
advertised in the local weeklies
and the metropolitan dailies as
available about March 30, either
for rent or for sale. This was
seconded by Deputy-Reeve
James Murray and carried.

A letter from Earl Stewart of-
fering to purchase the land adja-
cent to his taxi stand for the
purpose of building a home was
turned over to the property com-
mittee. The belief was expres-
sed by several members of coun-
cil that the area of the lot does
not conform with the lands use
by-law. Mr. Stewart's request
that a maximum tax licence fee
of \$50 instead of the present \$15
rate per car be put into force,
was turned down by council.

Two money by-laws were pas-
sed. A borrowing by-law for
\$60,000 for current expenses and
a ten year debenture by-law not
to exceed \$26,250 to cover rink
alterations, the new fire truck
and a fire alarm system.

Harry Graham's request for a
taxi licence was granted.

PLEASANTVILLE

Bogartown community club
met in the school Wednesday
night with a good attendance.
The program consisted of Bog-
artown Chronicle, edited by
Harry Penrose, selections by the
Johnson trio, contests by Cecil
Wood, Mrs. Sid Legge and Viola
Johnson.

It was decided to hold a sup-
per on February 16. All come
and make 1951 a successful year
for the club.

Mr. and Mrs. Robert Bunn
were Sunday night tea guests at
the home of Mrs. I. Johnson and
family.

Mr. and Mrs. Taylor and fam-
ily of Toronto spent Sunday, Jan.
7, with Mrs. Taylor's parents, Mr.
and Mrs. P. Jaques. Mr. Jaques
is still in poor health.

Mr. and Mrs. Ed Lundy spent
Christmas week with their
son-in-law and daughter, Mr. and
Mrs. A. Hall, and family at their
home on the Humber.

A puzzle you can't solve alone

If you are looking ahead, you
probably don't see all the an-
swers to your problem of future
financial security.

No wonder. Because to find
them you must have life insur-
ance — planned to meet your
special needs with the help of
a life underwriter.

He is used to solving prob-
lems like yours. He will show
you, for instance, how to be sure
there will be money enough to
keep your family together in the
home in case you die pre-
maturely.

Or perhaps you're worried
about the amount of income
you'll need in later years when

your earning power declines. If
so, your life insurance man will
help you work out a plan to
meet that — or any other finan-
cial need of the future. And all
of these plans will be fitted into
a master plan which is within
your means.

Only your life underwriter's
special training and experience
makes this service possible. And
he is glad to take plenty of time
to delve into your problems —
no matter how complex they
may be.

More than a million Canadian
families have benefited by the
advice and experience of the
modern life underwriter. Rely
on him!

Phooey on the weatherman, his uncles, his aunts, and all his cousins including those radio announcers who interpret the weather interpretations. So it was going to rain on Sunday and the temperature was going up to the 50's. So spring was here. So what happens? Snowed into the hubs. Phooey.

Back in the old days when the surest sign of a weather change was the aching of an old arrow wound there was none of this uncertainty. The squirrels, groundhogs, bears and other assorted wild-life were far more dependable than these schmoes on the radio.

We were glancing over a trade paper and saw a couple of items which make for sprightly reading. The first is an advertisement in the Lisbon Falls, Maine, Enterprise as follows:

"We also sell high-grade printing both in black and in colors, and can usually get your job out for you in a reasonable time. We are ready to print blotters and cards to stick in doors for political candidates, and guarantee delivery in time for effective primary campaigning. We can print the picture so it looks like you, or so you can put 'Honest Abe-Fearless' under it and not make people laugh. We have been printing political blotters on the same press since the days of the Greenback movement, and have never yet got stuck for the bill. All political printing is strictly in advance.

"We also sell subscriptions and advertising, both of which are considered good investments from the point of view of the most for your money. We don't know how anybody can get more out of his money than buying an ad in our paper. One man advertised prefabricated banana storage sheds with us

From the Files of
25 and 50 Years Ago

JANUARY 15, 1926

There was a good market last Saturday and a big crowd of people in town. There were lots of buyers and sellers for eggs and butter. The hucksters paid from 40 to 45 cents for both. Townspeople paid from 42 to 47 cents for butter and 45 cents for eggs. Chickens sold from 25 to 32 cents a lb., geese from 20 to 25 cents a lb.

A meeting of the directors of the Newmarket Hotel Company was held Tuesday evening at the King George hotel. Officers elected for 1926 were: pres., Dr. Boyd; vice pres., Jos. Cody; sec.-treas. and managing director, O. E. Tench.

Mr. Harry Gilman, local representative of the Canada Life Assurance Company, won a trip to Quebec and will be a guest of the company at the Chateau Frontenac for a week. During the past year, Mr. Gilman had sold a quarter million insurance.

A dance was held at the home of Mr. and Mrs. J. H. Bellamy, Sharon, in honor of Miss Maggie Williams' birthday. The music was supplied by Ed Williams, Sharon, and Eddy Gibson, Newmarket. Sid Legge, Newmarket, was caller.

There are 40 students enrolled in the home nursing classes being held in town by the Red Cross Society. Instructors are Mrs. G. L. McClelland, Mrs. S. R. James and Miss Niles. Dr. Scott will lecture on communicable diseases.

Miss Black, Yonge St., Aurora, left for Florida on Tuesday and will spend the winter months at St. Petersburg and Clearwater.

Miss Banks, returned missionary from India, was the guest of Mrs. Gowland during her stay in town.

JANUARY 18, 1901

Mrs. C. L. Graff, New York, the former Florence Brimson who spent her childhood in Newmarket, known professionally as Mlle. Toronto, sang in Broadway Tabernacle, Toronto, on Sunday. Mrs. Graff is a niece of Mr. John Brimson, Newmarket.

Wm. Padgett, Buttonville, caught a 28-lb. coon in a tree last week. He sold it for \$1.50.

Very good market last Saturday. Butter was a little lower, from 17 to 20 cents. Eggs also dropped a few cents, fresh eggs selling at 25 cents and packed eggs at 20 cents. Quite a large quantity of poultry offered. Large quantity of beef at five cents a front quarter and six cents a hind quarter. Potatoes 30 and 35 cents a bag, apples ten to 20 cents a basket and \$1.50 a barrel. Large citrons sold at ten cents each.

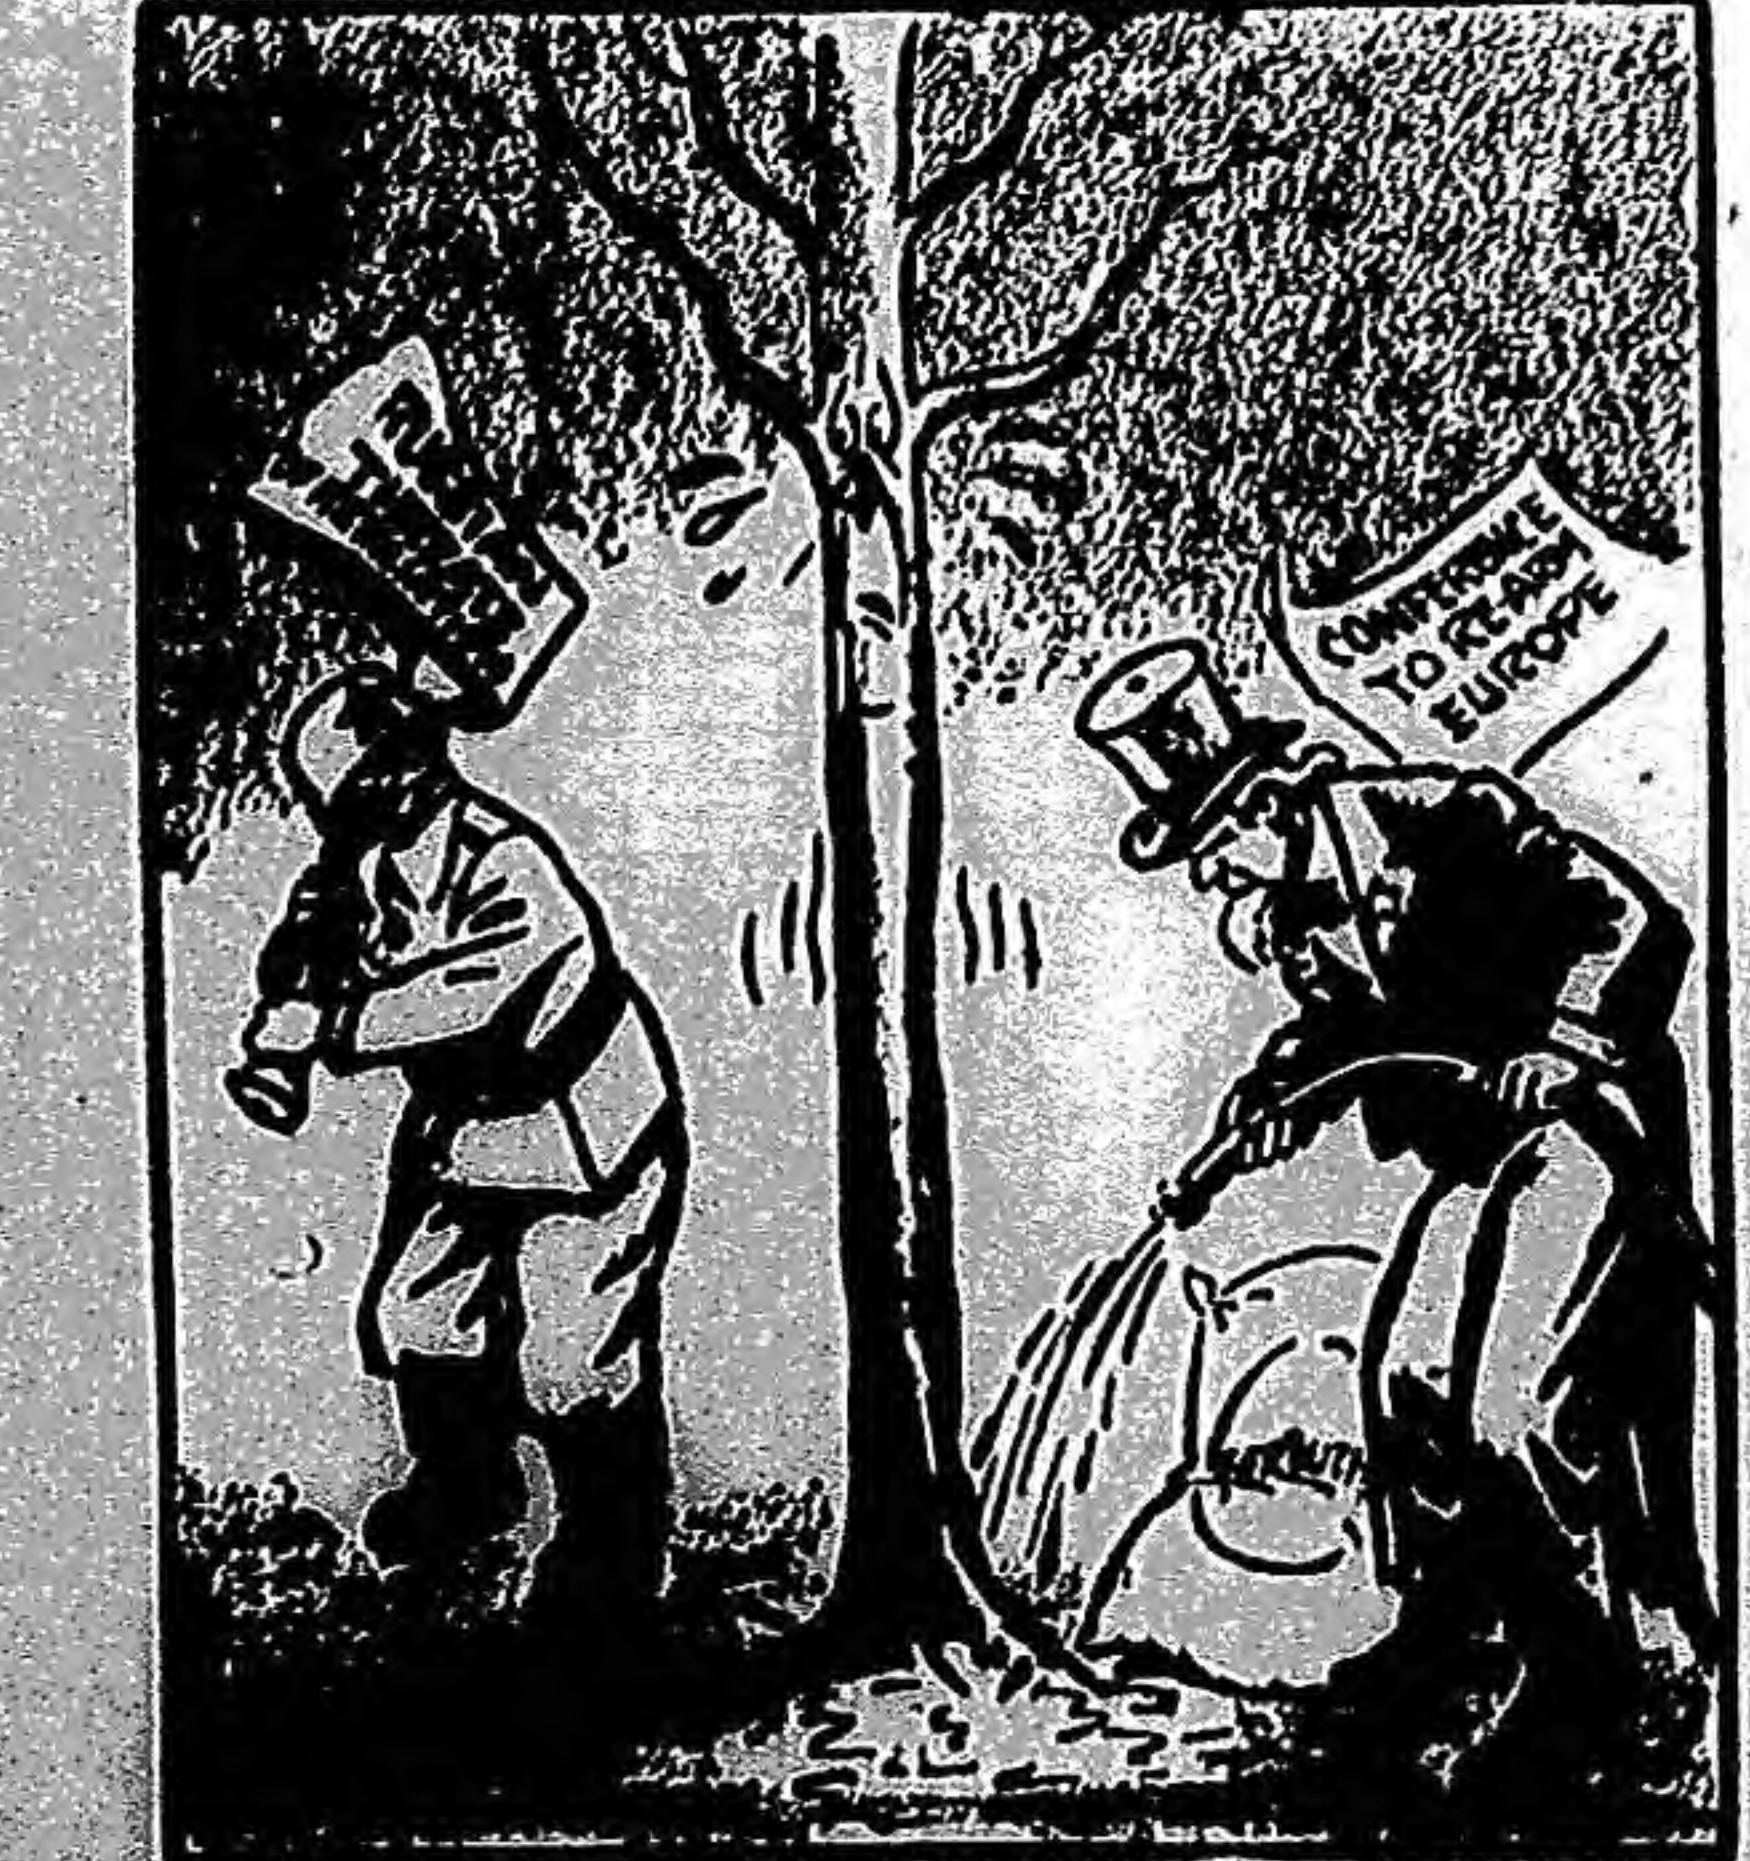

The annual meeting of the Newmarket fire brigade was held on Wednesday evening. The brigade was called out ten times in 1900 and loss from fire was \$1,995. Officers reappointed were: chief, P. J. Anderson; first engineer, Geo. Trivett; second engineer, Richard Osborne; stewards, Blake Howitt and V. Attridge.

The Graham Bros., Schomberg, have completed the erection of a modern and up-to-date slaughter house and pig pen on their premises recently purchased from Mr. Tench.

Mr. Alonzo French, Mount Albert, has returned to Pickering College where he has been appointed to a position on the teaching staff.

Mr. Henry Rhinehart has opened up a shoe shop at the north end next to Denne's packing house.

PAGE FOUR THURSDAY, THE EIGHTEENTH DAY OF JANUARY, NINETEEN HUNDRED AND FIFTY-ONE

COUNCIL SHOULD STATE POLICY

A major obstacle in the smooth operation of the Newmarket arena is that the commission apparently has never been told by council what policy is to be followed. The arena carries a heavy burden of debt. There are the debentures issued for its purchase; the debentures issued for the installation of artificial ice; and there are the normal operating costs. Is the arena to be considered as a strictly commercial venture, required to pay off its debt as quickly as possible? Or is it to be considered as a community project, with the maximum of cheap community use taking precedent over debt retirement? The point has never been satisfactorily cleared up.

Most of those, if not all, who contributed money and labor towards the installation of artificial ice did so under the impression that the arena was to be considered a community project. They argue, with some justice, that if the arena is to be operated as a commercial venture, their contributions should be also considered as a reasonable debt, to be paid by arena earnings. They argue further that their volunteer efforts represent payment in advance for cheap rink usage which is not being given.

And it was understood, if only for the lack of a definite statement to the contrary, that if the arena while giving the maximum of cheap community use were to end its year's operations in the red, the council would pick up the tab as a matter of public service.

These considerations, to the best of our recollection, have never been given a thorough airing and they should be if the arena commission is to have a definite policy in its operations. The place to settle the question is in the town council. Despite contention to the contrary, the town does own the arena, and the commission is simply an agent of the council. It remains for the council to determine how the arena should be operated, and for the commission to follow the council's decision.

CIVIL DEFENCE NEEDS

Talk of civil defence for Newmarket and Aurora may seem far-fetched to a good many. It is unbelievable that these towns, whose last direct contact with martial matters was in the Rebellion of 1837, should have to consider measures for protection against the enemy. But there is no security to be found in current news bulletins and a few simple preparations now might prevent considerable anguish in the future.

In Midland, despite the lack of direction from federal and provincial authorities, considerable progress has been made in the preliminary organization of a civilian defence establishment. The work is proceeding under the direction of a citizens' committee and following the proposals of a local industrial manager.

Midland can hardly be compared to Newmarket and Aurora as a military target. The former is a ship-building centre and its choice as a target is far more likely than the two north York centres, but there are several aspects of Midland organization which could be followed here. Their plans call for organizing all transport and communication under a deputy; emergency clothing, billeting and education are grouped under another deputy; a third concerns himself with medical matters; a fourth is concerned with damage control and the fifth with police.

Newmarket and Aurora might borrow from Midland plans for organizing emergency accommodation and communication, although the other aspects should be given some thought. In event of war, there is always the possibility of harassing raids such as were carried out over England, and damage control, policing and emergency medical aid, if the need for them ever arose, could alleviate much distress.

WHY WAIT FOR GOVERNMENT?

The advice given the Newmarket Lions club last week by Mr. Cameron McTaggart is worthy of the consideration of all district residents. There is much, he said, that individuals can do to foster conservation practices. There is no need to wait upon the government for direction.

Tree planting is, we would suppose, the first thought that comes to the mind of U.e urban dweller, and rural dweller, too, judging by the great demand for seedlings from the province. Tree planting not only has a very real place in conservation but there is considerable personal satisfaction to be derived from it, as witness the clipping quoted in the Editor's Notebook. Mr. McTaggart's insistence upon individual initia-

tive might be extended with equal force to include municipalities. Certainly, the admonition of "don't wait, do it yourself" has direct application to Newmarket and Aurora who share the same problems of maintaining water sources, and are close enough to permit co-operation in their solution.

There does exist, within the framework of provincial legislation, the means to establish a conservation commission for the Holland River watershed. Two years ago, possibly it is three, the means of organizing such a commission were explained to an Aurora audience, and some months later, an organization meeting was called. Under the terms of the legislation, all municipalities touching the watershed had an immediate concern with the commission. In the case of the Holland River, that included Tecumseh and Albion townships in the next county. When there wasn't a quorum, the meeting was postponed, as it turned out, indefinitely.

But if a large-scale effort as was originally proposed is a failure, why couldn't a small-scale attempt be made? Newmarket, Aurora, Whitechurch, King and East Gwillimbury are closest to the river. Even if without government approval, these five might establish an informal working group which could encourage the larger formation, and in the meantime, learn to work together on the problems they all share.

At least a start would be made.

INFLATION RED WEAPON

A major threat to our resistance against communism is inflation. The economic system of Canada and other free countries can be wrecked by a runaway dollar. Mr. Bruce Hutchinson, writing in a recent issue of Maclean's, says inflation can become Stalin's secret weapon. "He knows that, but so far, we don't."

The buying power of the Canadian dollar in 1947 when controls were lifted was 79 cents compared to its 1939 value. At the end of 1950, it had fallen to 58 cents. Translated into terms of buying power, you have the following comparisons: income in Canada per capita in 1939 was \$386; in 1945, \$804; in 1949, \$984. But the 1945 income could only buy \$871 worth of goods, and the 1949 income could only buy \$589 worth of goods at 1939 prices. This means that the average Canadian had 50 percent more buying power in 1945 than in 1939, and 12 percent less in 1949 than in 1945.

EDITORIAL NOTES

If we as a nation insist upon doing less and less for a dollar, says Mr. B. C. Gardner, we can hardly complain if a dollar does less and less for us.

The representatives of Toronto and York county are meeting together behind closed doors in an effort to reach an amicable settlement of the amalgamation issue. It is a far better effort than calling each other names at municipal board hearings, although the latter served the purpose of bringing out pros and cons not otherwise considered.

There's talk of a super-market in a Toronto suburb which would be an entire business section in itself with several kinds of stores and services all lumped together with adequate parking facilities and convenient approaches. The project is worth the earnest consideration of merchants in Newmarket and Aurora. A super-market built within ten or 15 miles of these two points would draw away considerable trade. Every way a small town merchant can improve his services and the services his town can offer is an investment in the future. The provision of attractive shopping in the home-town is the surest guarantee against the threat of super-market competition.

The services of the York County Health unit suggest that those municipalities not yet members of the unit should give serious consideration to joining it at an early date.

The insistence of the American chiefs of staff that they will not abandon Korea is spoken with a fine, fighting determination, but there is still some doubt if it is the wisest course. One sure way of crippling America's strength is to engage it in costly wars of attrition on the perimeter of red Asia. Korea, it is argued, has little strategic value and it would be pointless to waste men and arms fighting overwhelming numbers of Chinese Reds when those men and arms were better saved to repel a Russian attack in Europe.

Office Cat Reports Catnips By Ginger

Slim Bliggins went to the city today to offer junior's services to the C.B.C. at a price. I and Slim had talked over the problem of junior's genius over the weekend. The ace reporter, we had discovered, was not a reporter at all but a true fearless poet who writes verse libre or unlibre without scantling.

"Is it worth it?" Slim had asked the other morning while he slowly lit up his favorite after breakfast El Pando cigar. "Worth it!" I cried. "He is an utter genius."

"That's the whole trouble, just another genius. They're so many of them nowadays that they're being commercialized, mostly in music circles and I.Q. contests."

"You are wrong," said I. "He is a true genius like before they started commercializing them. He is of the ilk of Sheets and Kelley and Burnion and guys like that."

"Okay, I'll be his agent," Slim agreed.

So it was that Slim went to the city today and sought out a C.B.C. executive named Elwood Avitt to try and get junior on the Rawham Show.

This was our plan. Slim would be the publicity agent. Your favorite correspondent would be chief accountant in charge of the cash of the enterprise. Junior would be the silent partner and earn his ten percent on a trial basis.

We had rehearsed junior. He recited his original ballad, Quaint Geraint's Lament to his Horse Dying of Hoot and Mouth Disease. Soft organ reveries murmured an accompaniment. Slim Bliggins took the recording to Elwood Avitt.

Elwood Avitt listened to the recording and then stood on his ear and listened again. Not satisfied, he called in another executive named Don de Draine who called in four radio an-

nouncers who summoned the chief technician, Mike Raphone, and sound effects man Buzz Tuppitt.

Each in turn placed his finger tips to his temple and listened, uttering queer sounds, showing the whites of his eyes as if under a terrific artistic strain. "Team-back!" cried Elwood Avitt and the gathering of radio people clustered around his desk with their arms on each other's shoulders. Then a little spokesman came out of the huddle and announced the decision of junior's audition: "No."

Then each in turn walked backwards out of the room bowing and hissing. "Queer ones, them artistic jans," said Slim.

"We in radio must be queer to survive," said Elwood Avitt. "It is just one mad battle to see who can be the queerest. Once you start being queer, you can never turn back. You must go on being queerer and queerer. It's like taking dope. Of course there are those who never start and they can get along without it. They are accepted too but only a few can stay away from it."

Slim returned from the city a different man. He just sat inside at his piano box mansion, smoked his El Pando and stared.

Slowly, he said to me, "I resign as junior's agent. I am beginning to understand some things. Us fellers in rural places is too normal to cope with this new breed of men. We depend on bein' what we is and they depend on bein' what they ain't which confuses things a bit. I will have to take some time to study the psychology of this new breed of men. Then I will let you know what my decision is."

Meanwhile, junior continues to be an unrecognized genius.

by "Dairy Farmer" The Top Six Inches

We dislike the "one tune columnist" because we feel that he is a close relation to the writer of radio commercials. We also feel that there is a lot still to be said about rural housing without repeating anything already said.

We are becoming convinced that providing housing in rural areas is the most important step towards the solution of the rural labor problem. We have to have more houses but who is going to provide them? We doubt if we could get any government action.

Rural housing should be decentralized and away from rural centres. It shouldn't just be an extra house on each farm. It should be something in-between. All over the country there are "corners". In the old days they had the blacksmith shop and maybe the gristmill, and a hotel. Today they have a general store and a garage and a few houses. These locations would be ideal for groups of houses, four or five in number, to house farm labor. Certain services would be available. They are usually close enough to a school. They are often on paved county roads or roads maintained in good shape all year around. Farm labor living in these homes could provide a pool for an area of say two to three miles around it. Farmers and businessmen, whose livelihood depends entirely on the rural buying public, could get together and acquire the land and by a co-operative effort build these houses from lumber often available on the farm woodlot, or from lumber that would be cut locally. Under the leadership of a community group these houses could be built with less expense, say two to three thousand dollars each.

The renting of these houses should also be done by a committee. Potential farm help should be interviewed and the minimum number of days work guaranteed to them, with a minimum wage level. People moving in should give an undertaking to work a certain number of

days on the neighboring farms. In harvest, and in haying time they could work in gangs, or be allocated to individual farms for special chores. In some districts it might be more practical if the interested farmers just got together built the houses, and hired the men outright.

Here is the rough outline of a suggestion. We know of some of the several hundred reasons why it is impossible. We also know just as many good reasons why it could be made to work. We know that it would introduce an element of stability into the farm labor situation. It would attract people who would like to work on farms but who see too much restriction when living with the farmer or close to him. If New Canadian labor was hired, these centres would be best place where these people could be educated.

And finally this plan would be attractive to the man who would be hired under these conditions. Farm life would not mean isolation anymore. It would have a variety which is now sometimes lacking.

This would be a shot in the arm for the rural merchant and tradesman. It would cut down on labor turnover. Farm help so hired would eventually buy property in the district. It would be a natural stepping stone to renting and later owning a farm.

Well, it may never happen. Maybe there are other solutions, cheaper and maybe we are still living in a world of individual enterprise and maybe it is still simpler to offer the neighbor's hired man \$10 a month more or apply for a single man from Europe under contract at \$15 a month. But they won't stay, and maybe another neighbor will offer \$5 more for our man, and he will go again. The solution we are trying to suggest is a permanent one, because it is a way of living and acting as a community, and a community can find a permanent solution to a problem, where an individual can only find a temporary one.

THE OLD HOME TOWN

The state is the servant, not the master, of the people; the state is their guarantee against infringement on their rights, their agent in international and national issues; it is not the function of the state to assume the direction of those activities which rest on individual choice.

An Aurora Opinion

By
DOROTHY BARKER
Aurora Editor

Somewhere in the files stored in the clerk's office is a by-law, reputed to be 25 years old. It will probably be brought out, dusted off and carefully perused before the next council meeting. This by-law, if in existence as it is claimed, will emphasize the fact that even a quarter of a century ago there was a council which considered that home owners who invest thousands of dollars in their property should be protected.

Is Aurora going to suffer the headaches of growing pains that have been the major ailments of municipalities closer to Toronto, or are we going to benefit by the mistakes that have been made in other communities?

A protest has been made to council by residents of Kennedy St. against a proposed crowded sub-division, with a request for a restrictive by-law. This should be seriously considered, even though it too will eventually be filed in the limbo of the town's archives. The old by-law it is said, merely states that houses must conform in structure with others in the area. It does not mention the size of the lot. The land use by-law states that a 50' frontage is the minimum required for building purposes. Neither of these documents control the problem that has arisen in the presently high assessment area.

It is quite possible that men and women who are elected to council do not always give serious thought to the fact that their opinions affect the town for years to come. They are quite conscientious about today's problems but do they always exercise a long-range view?

Commending the mayor for his sense of fair play with regard to having both sides of the Kennedy

Miss Nancy Ball, daughter of Mr. and Mrs. James Ball, Everstey, was one of 41 nurses of St. Joseph's hospital, Toronto, to receive their caps at a ceremony at the hospital last week. In examinations Nancy made 92 percent. After the formalities were concluded, Mr. and Mrs. Harrison Heath, Lauder Ave., Toronto, cousins of Miss Ball, entertained at their home in honor of the occasion, with 15 friends present. Mrs. James Ball, the mother, Mrs. Fred Chaburn, Aurora, Nancy's sister, and her grandfather, Mr. Victor Bond, were guests of the hospital staff for the capping ceremonies.

In honor of her approaching marriage on January 20, Miss Gwen Smith was given a community miscellaneous shower at the home of her mother, Mrs. Jack Smith, Strange, on Friday evening, Jan. 12. Mrs. Laurie Boys and Mrs. Joyce Glass did the honors in arranging the event. The bride-elect received many lovely gifts.

A film strip showing pictures of early Toronto from 1834 on through a few later years was shown by Mr. Gordon Tetley, King, on behalf of Mr. Wallace of the Toronto University Library and loaned to Miss Marjorie Jarvis for King Women's Institute's use. The historical sketch written by Miss Jarvis which accompanied the pictures told interesting facts and customs of the city's early days.

This form of entertainment was part of a program carried out on January 9, based on historical research and current events, the latter taken by Miss Lily Anderson who highlighted world affairs, international, dominion and provincial events. Mrs. Gordon Wells enlarged on the motto, "He who lives only in his own generation remains a child." The correlation of the past with the present is a means of understanding life as it goes on today. The sum total of appreciation of the times in which one lives must be coupled with knowledge of past history, the speaker pointed out.

Plans for a rummage sale, homebaking sale and afternoon tea to be held on Thursday, Jan. 25, in the basement of King United church were completed by the branch. All articles for the rummage table are to be given to Mrs. J. L. Grew on January 24 when they will be classified and priced for sale on the following day. Articles of good used clothing, children's outgrown garments, sports equipment, gem bottles, cooking utensils, are only a few that could be forwarded to Mrs. Grew. Rummage collec-

tions from local or district homes would be gladly accepted. Will Contribute to W.I.

King W.I. agreed to turn in 50 percent of its membership tax to the York scholarship fund of \$2,000 from the four districts. In a communication from the Centre York secretary, Mrs. Fred Hare, Temperanceville, it was pointed out that with a total membership of 2,000 in the four Yorks, presidents and secretaries had deemed it advisable to raise the fund by a tax of \$1 per member, with the option of paying off by branches in the full amount of membership in 1951 by contributing 50 percent this year with the balance assumed for the following year. King branch will pay in \$35 or more in the first year. Its membership is 70 or slightly over.

Branch members were urged to attend the district W.I. service on "Foods that healthy children like," to be held at Aurora United church, February 21. Miss Barbara Broadfoot, Home Economics and Service department of the provincial agriculture department, will conduct the sessions.

The branch was informed that a visit from the district president, Mrs. R. C. Bayeroff, Gormley, is now available.

Laskay W.I. Views Itself

The far-reaching effect of community activities and public relations of Laskay W.I. branch was outlined by Mrs. Leslie Glass to members at a meeting January 9. A community is as broad as its individual thinking. Its activity is measured by the interest and effort that goes into community affairs, the speaker pointed out. Relations of a W.I. organization to the public constitutes a never-ending circle of associations at home and abroad. Specifically, the local W.I. hall project represents an outlet for activities for branch, churches, the old boys' association, plowman's association and other groups.

With the renovation of the hall completed, the erection of a community flag would arouse the patriotic admiration of the district. The building of new homes, change of farm lands to new owners, the close proximity of Laskay to the new super highway tend to broaden interests, giving the rural village a place in Ontario's list of "little notables".

Handicrafts or hobbies are vitally important to the W.I. member. Active membership in Kingcrafts Guild is an indication of the useful pleasure one gains from applying one's talents in a community sense.

Ridges Board Ask S. S. 13 Take 45 Pupils By March 1, Say There's No Other Answer

The trustee board of Oak Ridges school has appealed to the trustee board of S. S. 13, Whitechurch, to take over about 45 Lake Wilcox children by March 1. "We are beaten right now in an effort to solve the problem of overcrowding," trustee Bob Woolley, Ridges board, stated.

"We feel the only solution to relieve grades 4, 5 and 6 is to seek help from the lake trustees who have been requested to provide accommodation for this number by spring."

Operating on a full-time basis, these grades are hardest hit, Mr. Woolley explained. In one of them, there are from 38 to 40 pupils enrolled with only 28 to 30 seats. "They sit double at single desks. There is no space for better accommodation." Teachers and students are working at great disadvantage. Only the extreme nature of the situation has led Oak Ridges trustees to seek help, members of the board said. It is felt that by early spring provision of a classroom at the lake could be made by S. S. 13 when heating facilities at that time of year would present no serious problem.

Lions Sponsor Hockey

Oak Ridges Lions hockey teams are displaying high interest as 40 or more young boys take an hour and a half practice at Aurora arena every Saturday forenoon. Rink rental is sponsored by the Lions who donate private cars to transport the boys to Aurora. To provide funds to meet arena rental a series of euchres, cribbage and bingo games have been set up for the coming weeks.

On Monday evening at Ridge Inn, 80 were present for 12 euchre tables, five cribbage and bingo, giving the club \$55 profit, which

visits with other Institutes, contact with England through a Christmas gift parcel to one of its former members, the visit of an outside speaker, attendance at the district annual and the area conventions emphasize the importance of establishing and furthering relationships with others. The message of goodwill and beauty inspired by the growing of the African violet, is a tangible form of spreading the gospel of "home and country," the aim of the Women's Institute. Mrs. Glass by-passed her general talk with information on how to grow this flowering plant. "Whatever one's talent, however small, let it be a means of bettering the community, serving to inspire personal responsibility to one's fellowman," the speaker added.

Mrs. Norman Egan read a poem on the New Year and Mrs. Joyce Glass conducted a touch-and-take sale table giving a profit of \$4.75 to the branch treasury.

Beginning this week, Laskay W.I. euchres will be held in the homes on Wednesday evenings, twice monthly. Mrs. Forrester was hostess on January 17 and on January 31 Mrs. Percy Leatherville will open her home to the public for a fund-raising euchre.

Youth Rally January 18

A Youth Rally under the auspices of Aurora Youth for Christ will be held in McDonald and Wells' hall, King, on Thursday evening, Jan. 18, with Mr. Jack Sheldon as speaker. There will be special music, vocal quartette, soloist and accordionist. Arrangements have been made through A. E. Hobson, King.

Laskay United Y.P.U. met at the home of Jesse Bryson on January 12. The program, convened by Mrs. Bryson, was given over to Mrs. Verna Fletcher, principal of Maple school, who gave an account of a tour to New York city. She described buildings and outstanding points of interest there. Using a movie projector, Mrs. Fletcher showed pictures she had taken of local scenes, the building of a new home by her father, Mr. William Bryson, on the former Wood farm. A general responsive worship was conducted and refreshments were served.

On Thursday, Jan. 18, the report of the nominating committee will be heard for the election of Y.P.U. officers for the coming year. The committee is Rev. M. R. and Mrs. Jenkinson, Mr. Jesse Bryson and Miss Vera Hunter.

Cubs Hold Party

Mrs. D. R. Gunn, assisted by Mrs. William Hudson, and Mrs. Stanley Appleton, entertained Oak Ridges Cub Pack at the school last Thursday evening. Cub leader John Bradbury, assisted by Albert Hudson, Mr. Doherty, and Captain E. C. Hawman, chairman of the group committee, were present to conduct games. Streamers and balloons decorated the room and the boys participated in a number of games, with prizes for high points awarded to Earl Newhall, Bruce Hudson, Paul Harnden, Larry Wall and Van Woolnough. Mr. W. F. Harnden with his guitar sang cowboy songs and

songs typical of northern Ontario lumbering districts. He told stories how he had started in the lumbering industry at the age of 14, running logs, later working in the sawmills, his job as a "walking boss", all of which depicted the life of a lumberjack. Mr. Harnden, who was a radio artist, also displayed his talent as a ventriloquist.

The ladies served lunch to which Mrs. Kelly Woolnough and Mrs. S. C. Snively added their contribution. Captain Hawman donated soft drinks.

Mrs. D. R. Gunn will attend Provincial Executive sessions of the Ontario Council Girl Guides Association in Toronto, on January 27 and 28. On Saturday, the delegation will be taken to Mal-

ton, Thursday, to officially receive the Friendship Scroll, an illuminated message of goodwill and friendship sent from England's Guides to Canadian companies. It came to Canada last September and has been seen in important cities across Canada to the west coast. Upon reaching Malton it will be retained in Ontario for a few weeks, and returned to England. It is the hope of York division to have the scroll displayed at Richmond Hill before it returns to the homeland.

Mrs. William Ashby, Wildwood Ave., Lake Wilcox, is still confined to her home from an illness which overcame her at Christmas, followed by a relapse a week later.

Letters to the editor are always welcome but the names of the writers must be known to the editor.

The editor: Re the criticism from the Whitechurch township council re Newmarket fire brigade.

The reaction from a member of the Newmarket fire brigade and the suggestion that these things should not be printed by our local paper should be clarified.

It is within the right of Whitechurch council complain. I do not know whose home was burning. We must take into consideration when a home is burning the owner would think the time long before the fire brigade arrived.

When any person offers to hold public office he must expect to have criticism and accept the same in good grace. To expect or suggest that the local press withhold any complaint or information from the public or to even think or suggest that the

paper's circulation and advertisement would be affected by anything the paper would print, or in any way to hinder the freedom of the press would in my opinion be the first step in our community to a dictatorship.

The ratepayers in Whitechurch township appreciate the arrangement that Whitechurch township has with Newmarket, Aurora and Stouffville fire brigade and the opportunity to contribute to the financial support of these fire brigades.

THE HISTORY of knitting goes back many, many centuries. Today it occupies an important place in the fashion picture. We see many knitted suits and dresses, and knitting as a decorative trim has really come into its own this year. The beginning of this needlework art is really a tribute to the inventiveness of the human race.

One of the first examples of knitting is a pair of socks excavated from a Fourth or Fifth Century A.D. Egyptian tomb. They are a woman's size, knitted in red wool with a big toe division for wearing with sandals. Hand-knitted gloves designed for high church ecclesiastics using elaborate and beautiful patterns are still in existence and date back to the Sixteenth Century. In the London Museum may be seen the shirt worn by King Charles on the day of his execution in 1699. It was, no doubt, the work of a master knitter and belongs to the great period when garments were knitted in several colors and in designs that resemble brocaded fabrics.

About 200 A.D. the Arabians devised the knitting technique and from Arabia the art was carried to the far corners of the earth by traders, sailors and settlers. It's an interesting fact that knitting was carried to the outer world by men. Men were enthusiastic knitters up to the end of the Nineteenth Century. In the fields, shepherds put the time spent in watching their flocks to good use by knitting scarves, caps and socks for themselves and their families.

In the time of the Guilds, knitting was an industry like weaving. A six year term of learning and travel as an apprentice was necessary before a man made his masterpiece which included a magnificent knitted carpet of original design. Very often knitted articles were felled by a process of shrinking and brushing so that the stitches were indistinguishable and the effect was of a solid fabric as in the French beret.

Today, however, it's the members of the fair sex who turn their talents towards the art of knitting. Ask almost any mother and she'll tell you how

many requests she receives from various members of her family for knitted items. Dad would like a nice sleeveless pullover for golfing, Junior has put in his bid for a pair of cable socks, and Sis has mentioned a very smart pair of ski socks that would be just perfect with her ski-suit. A busy person, this modern Mom who knits! Probably, this is why small, quick-to-do knitted articles are in such demand. The pretty tea-cosy and egg warmer set pictured above belongs in this category. These attractive table accessories will add a colorful note to the breakfast table and there'll be a hot cup of tea waiting for every member of the family no matter what time each one puts in an appearance. You may have a direction leader giving you instructions for making this knitted tea cosy and egg warmer, as well as instructions for a pretty crocheted reversible tea cosy and egg warmer, if you will send a stamped, self-addressed envelope to the Needlework Dept. of this paper requesting Leaflet No. C.W.S. TEA COSY AND EGG WARMER SETS.

OBITUARY
M. H. OLSON

Funeral services for Mantford Hector Olson, Yonge St., near Newmarket, were held Jan. 15 from the funeral home of Roadhouse and Rose. Rev. Henry Cotton conducted the service. Interment was in Newmarket cemetery.

Born in Parry Sound on March 22, 1907, he was the son of Martha Krook and William H. Olson. He married Jeannette K. Clark in 1931.

He was active in community organizations including the Lions club, the Legion and game and fishing clubs. He was district manager for the Empire Life Insurance Co. He was a member of the United church.

He is survived by his wife, two daughters, Martha Deanne and Janet Monica, a brother, Curdiss, and a sister, Betty.

Pallbearers were James MacKenzie, Jack Downes, Aubrey Lyons, Wallace Card, Cleveland Yeo, and Wm. Bates.

Stamp collecting puts a premium on poor printing since a blot, blur or misprint increases the value of a stamp to collectors.

The word "spud" for potatoes comes from an old organization called "Society for the Prevention of Unwholesome Diet".

ST. JAMES' W.A.
INSTALLS OFFICERS

The first meeting of the New Year was held on Jan. 10 at the home of Mrs. N. Mabbett, Newmarket. There were 15 members present and guests were Rev. M. C. D. Hutt and Miss Kay Grose.

After the president opened the meeting with prayer, Mrs. W. Oslar read the scripture. Another chapter from the study book entitled "The Old and the New in Arabia", was read by Mrs. Joe Hall. The treasurer's report was given showing a balance on hand Jan. 1 of \$200.84.

Rev. Hutt conducted the installation of officers for 1951 after which the president, Mrs. F. Hall, gave a short resume of the past year's activities.

The membership fees were taken and Rev. Hutt closed the meeting.

The February meeting will be held at the home of Mrs. Kitley. Hostesses will be Mrs. N. Mabbett, Mrs. I. Steckley and Mrs. A. Thomas.

AUXILIARY INSTALLS
NEW OFFICERS

Mrs. Bert Budd was elected president of the Evening Branch of the W.A. of St. Paul's Anglican church, Newmarket, when the group held its annual meeting at the rectory on Monday, Jan. 15. Rev. J. T. Rhodes conducted the installation of officers.

The following ladies were elected: past pres., Mrs. J. T. Rhodes; pres., Mrs. Bert Budd; sec., Mrs. Bruce Hunter; treas., Mrs. Horace Hiscoc; Dorcas secretary, Mrs. Harold Evans.

A presentation was made by Mrs. Budd on behalf of the group to Mrs. Grant Dillane of a brass wall jardiniere. Mr. and Mrs. Dillane and family leave on Monday, Jan. 22, for Guelph where they will make their home. In making the presentation, Mrs. Budd said that Mrs. Dillane's going would be a great loss to the church where she has been such a faithful worker.

Light refreshments were served by the hostess, Mrs. Rhodes, and a pleasant social hour was spent.

ST. PAUL'S CHURCH

The Evening Branch of the W. A. held its annual meeting last Monday at the rectory, and the Parochial Guild held its annual meeting on Tuesday evening, also at the rectory. The afternoon branch of the W.A. held its annual meeting in the Parish hall last Thursday afternoon and as many as conveniently could remained for tea and held a Dorcas meeting in the evening. This evening the Sunday School Deacons meeting is being held at Richmond Hill at 8 o'clock in St. Mary's Parish hall.

Next Sunday will be Septuagesima Sunday with Holy communion at 8:30 and again at 11 o'clock. Monday, Jan. 29, is the date of the annual Vestry meeting, and Feb. 11 will be Confirmation by Bishop Beverley, while on Feb. 18, at the morning service, we will have for our guest preacher Rev. M. Wilkinson, associate secretary of G.B.R.E. and C.S.S. of our church. At the morning service on Feb. 11 the guest preacher will be Rev. Nadakavukaron I. Joseph, B.A., graduate of Madras University, and formerly a member of the Assyrian church of South India.

VISITOR PRAISES NURSERY SCHOOL

The Aurora Nursery School, which is being held in the primary room of the United church, was recently inspected by Miss Gibson who commended the two teachers, Mrs. J. Del Grande and her assistant, Mrs. G. Hines, for their work among pre-school age children. Miss Gibson was also impressed with the equipment and the cheery atmosphere of the room.

The executive of the nursery school would like to thank all who have made it possible to start the school through their donations of time, goodwill and money. At present there are two classes for small children two and a half to four years. These classes are held Tuesday and Thursday from 9 to 12 noon. There are also three classes for children from four to five years of age. Parents interested in entering children in these classes should contact Mrs. Del Grande at 481w during school hours.

IT'S A Woman's World

By CAROLINE ION

The news that more snow has fallen during the night is greeted with varying reactions. To some it presents a picture of too short-lived beauty which far outweighs any inconveniences such a snowfall may cause.

To the one responsible for clearing the walks, it means another session of shovelling. It never ceases to amaze one that anything which appears so airy and fluffy as newly fallen snow should gradually assume such burdensome weight with each successive shovelful. Where's the linament?

To the children it means hours of fun with their toboggans, skis and sleighs. In their anxiety to get out-of-doors they can barely restrain their exuberance while finishing their breakfast. Perhaps in that far-away glance lie plans for a snow fort with its accompanying snowballing.

To the motorist it means icy windshields, slippery roads and the need for greater caution than at any other time of the year. The hazards of winter driving are too apparent to need mentioning. Perhaps it is this combination of the children's delight in the arrival of snow and the increased difficulties which confront the driver which results in more traffic accidents involving children during the winter months.

Reports from the provincial department of highways indicate that such is the case and urge greater caution on drivers and pedestrians, particularly children during the winter months. It is not fair to leave all the responsibility to the motorist. Even the most efficient operator may be prevented from stopping his vehicle in time by road or weather conditions.

The onus rests with us as parents to teach our children the rules of traffic safety. We certainly do not want to shadow their enjoyment of their winter sports with the fear of mishap. But when we realize that in a year, over 2,000 school-age children are injured by traffic accidents in Ontario alone, we can appreciate the need for further instructions along these lines.

Nearly two-thirds of the accidents to children happened when the roads were wet, icy or slippery. Motorists can not stop or turn quickly on such road surfaces as on dry ones so children as well as adults should wait for a safe time to cross.

The streets were never meant to serve as a playground either for ball in summer or sleighing during the winter months. Darting out behind parked vehicles or other objects which obstruct the motorist's view is dangerous at all times. Jay walking is the cause of many more accidents.

The school grounds, back yard facilities and park areas in our town provide ample playground space for the youngsters and we parents should see that these, rather than the roads, are used. By teaching our children the prescribed precautionary measures we can assist in cutting this accident rate. By practising the rules ourselves we shall lend weight to our words of caution and instruction.

PLAN RED CROSS ANNUAL MEET FEB. 13

At the executive meeting of the Newmarket Red Cross, held last week, a report was given of donation of clothes, bedding, pillows and quilts to the Sargent family who were burned out before Christmas.

The Common Round...

By Isabel Inglis Colville
A MEDLEY

When I wrote that title I wasn't thinking of a group of songs or melodies such as we hear sometimes played or sung on the radio—and let no one think such numbers are easy. Changes of tempo and key keep players especially on the alert.

What I was really thinking of was just writing a few impressions gathered here and there of this and that.

During the pre-Christmas week and on Christmas itself, one heard so much singing—some of it very beautiful, wonderful and inspiring like the Hallelujah Chorus and Handel and Grellet, and some just delightful like the well loved and well known carols which everyone loves because they can take part in them. But some, heard on the radio and purporting to be carols were so twisted as to time that one felt like smashing the radio.

We heard some lovely children's choirs at home and from abroad and I noticed one thing particularly in the English choirs. The enunciation and articulation were beautiful. We have thought, Archie and I, and still think that our schools fall far below what they should do, in the matter of speech. How very few people, old or young, have been taught to make their voices carry, without being over loud or strained.

Those who take up oratorical contests get the training but what of the rest—they, most of them at any rate—have to make themselves heard at some time in their lives and if their voices are pleasant and their enunciation and pronunciation correct, it will all be to the good.

Children are so imitative that it is not hard to guide them into paths of pleasant speech.

Hope for 'Monotones'

And there is hope now for the children whom in the past their parents would tell you, could not sing a note. Usually they sing everything on one note and we call them monotones. Archie and I, years ago, when we had a group of children coming to our home, had met and conquered this defect in one or two and Mrs. Gene Cane with whom I was discussing this last summer, said that in the course of her teaching she had met with a few such cases and had been able to correct the strange disability which is so hard on a teacher—especially if she has a group of children and one or two of them are monotones and quite unconscious of the havoc they are creating.

I heard of a whole family of children so afflicted and the struggle their mother was putting up to try and correct the defect. She was seeking for literature on the subject and also was going to send some of them—there were seven—to a specialist in this work. To me, a voice is a wonderful and a beautiful thing and a God-given talent, and should be thought of, cherished and cultivated accordingly.

Choir Party
There was one Christmas party—one of the pleasantest—which I seemed to have no

chance to speak of in this column, but because it appealed to me I'm going to speak of it now. Our choir—Trinity United—has always had a Christmas party and an exchange of gifts. This year we were invited to the parsonage and after choir practice on December 14, we, plus boxes and parcels, hid ourselves across the way where we were received with a very special welcome by Mr. and Mrs. Cotton. We made a tour through the beautiful parsonage and were treated to a sumptuous lunch by our host and hostess. Having had a real work out at choir practice we were hungry and the refreshments, which were delicious, suffered accordingly. Then Mr. Alex. Eves as master of ceremonies, distributed the gifts with suitable remarks. One pleasant feature was a presentation to Mr. Hurtle which he acknowledged appropriately.

Mr. Ken Morton, our choir president, thanked our host and hostess for their delightful hospitality and we all went home replete with good things, plus a present and a delightful memory.

JR. LADIES' AID FIRST '51 MEETING

The Junior Ladies' Aid of the Christian Baptist church, Newmarket, held the first meeting of the year at the home of Mrs. Ralph Adams on Tuesday, Jan. 9. Mrs. Robt. Dick, the new president, was in the chair. There were 24 present.

The devotional period was under the direction of Mrs. Adams who gave two readings, "The Duty of Prayer" and "Around the Corner", and led the group in prayer.

Letters of appreciation for Christmas gifts were read by the secretary, Mrs. Orval Smart. Following the business session, lunch was served by the hostesses, Mrs. Kenneth Bennington, Mrs. Delbert Godson, Mrs. Arthur Kirbyson and Mrs. Frank Hopper.

The next meeting will be held at the home of Mrs. Wm. Robinson, Queen St., on Tuesday, Feb. 13.

C.W.L. PLANS EUCHERE AT SCHOOL JAN. 25

A meeting of the Newmarket division of the Catholic Women's League was held at St. John's school on Tuesday, Jan. 9, with Mrs. Henry Moore presiding.

Plans were completed for a euchre party at the school on Thursday, Jan. 25, 8 p.m. Following the brief business session when reports on the Christmas activities were presented, lunch was served. A social half-hour was enjoyed by the members.

Make It With Pork

"Bacon" at one time meant the meat of the pig whether fresh or cured, and all portions of the animal. The use of the word is now narrowed to mean only the cured side or back. "Pork" should cover all the flesh of pigs, whether fresh or cured but in practice it usually applies only to the fresh meat. Cured ham is called "ham" and the fresh meat must be designated "fresh ham". But whatever it is called, the meat of the pig is an excellent food.

The first rule in cooking pork is that it must be cooked well. There is no place in the diet for "rare" roast pork. No trace of pink coloring should remain. The oven temperature for roasting fresh pork should never be higher than 350°, and it will require about 40 minutes to the pound.

There are many ways in which fresh pork may be cooked. In China, pork is used extensively in various types of stews. When these dishes are made in Canada we keep the Chinese names although there may be changes in the ingredients to suit the available food supply. The results however are usually excellent.

PORK CHOPS WITH SPINACH
6 pork chops, 1/2 inch thick
1 cup finely chopped onion
1/2 tsp. salt
6 cups chopped spinach
4 1/2 cups soft fine bread crumbs
1 tsp. celery salt
1 tsp. salt
Dash pepper
2 eggs

Trim outer portion of fat from chops. Cut fat in small pieces and cook over low heat until melted. Add onions, cover and cook until clear. Remove onions and set aside. Brown chops in pan and season with 1/2 tsp. salt. Mix chopped spinach, cooked onion, bread crumbs, celery salt, salt, pepper and well beaten eggs. Pile mixture lightly in a greased, shallow baking dish. Place pork chops on top. Cover closely and bake in a moderate oven, 350°, for 1 hour or until chops are tender. Yield: six servings.

STUFFED PORK ROLL
2 tbsp. bacon dripping
1 onion, sliced
1 cup soft bread crumbs
1 chopped apple
1/2 tsp. salt
1/2 tsp. celery salt
2 tbsp. chopped parsley
1 large thin slice fresh pork (1 1/2 to 1 3/4 lb.)

Melt dripping, add sliced onion

BLANCHE MORTON WEDS C. N. TAYLOR

The marriage of Blanche Claudia, daughter of Mr. and Mrs. Charles Morton, Mount Albert, to Charles N. Taylor, son of Mr. and Mrs. Roy Taylor, Sutton West, was solemnized Jan. 6 by Rev. Shapter, Mount Albert.
The bride wore a navy blue dress with navy blue accessories. Her flowers were rose buds, glads and fern. She completed her costume with a brown muskrat fur coat. Her bridesmaid was Jean Storey in powder blue dress with navy accessories and her flowers were yellow rose-buds, glads and fern.
Best man was Howard Morris Morton.
The reception was held at the home of the bride's parents. The couple will live at Sutton. Guests attended from Toronto, Newmarket and Sutton.

W.A., ASSEMBLY MEET AT KETTLEBY

The Women's Association of the Kettleby United church unit met in the hall Jan. 9, at 3 p.m. with the president, Mrs. L. V. Heacock, presiding, assisted in the worship period by Mrs. A. Marshall and Mrs. Wm. Hodgson. Mrs. Heacock advised that the Blue Cross fees should be in by Jan. 28.

It was decided to again have a bazaar, the tentative date, as last year, to be the second Saturday in Nov., and next month's shower will be handkerchiefs.

In order to suit all members at least part of the time, it was decided to alternate the time of meeting, one month to be in the evening, and the next to be in the afternoon, and for the most part light lunches rather than suppers be served.

Rev. D. G. Ray conducted the service of installation of officers after which Miss Mary Wassink sang "When Jesus Comes". At the end of the meeting the annual congregational supper was served.

Rev. D. Ray conducted the evening meeting and opened with a hymn and short worship service. Mr. F. Curtis was appointed secretary for the meeting. Reports were heard from the choir, W.A., W.M.S., Mission Band, Sunday School, stewards,

Paul Hedges '51 Resolution

Paul, nine years old, adds an amendment to his New Year's resolution—just in case it proves an obstacle in his life.

Paul's most aggravating habit of pushing aside his little five-year-old sister was called to his attention during the Christmas season—when hearts and souls are especially full of kindness toward others. So it happened that Paul was moved to make a resolution that would help him to be kinder to younger sister, Jane.

Instead of chasing Jane away every time she came near his work table, where he spent a great portion of his spare time building model boats and cars, Paul resolved: "I resolve to let Jane watch me build boats and cars".

Everyone approved of Paul's resolution and Jane was especially joyous with the privilege

the M. and M. and the minister and many words of appreciation were spoken and approved.

The stewards retiring this year were Wm. Hodgson, Joe Day, Gordon Cook; the stewards elected were Fred Schmidt, Frank Billings, Lea Heacock. The elders retiring were Roy Geer and Ray Marshall. Elected were Wm. Hodgson and Joe Day. A board of trustees was appointed: M. Proctor, E. Blatchford, R. Geer, R. Marshall, B. Wood, Press convener, Mrs. G. Cam-bourne.

Rev. Ray closed the meeting with hymns and prayer.

ial for the next boat to ascend the construction line.
Jane laughed and was blamed for everything. It was then that Paul decided on an amendment to his resolution, "I resolve to let Jane watch me build boats and cars—unless she bothers me". In explaining her sudden lack of interest in her brother's activities, Jane explained that Paul had spoiled her fun by putting "a dead bent" on his resolution.
Nevertheless, it was rather honorable of Paul to add an amendment instead of forgetting or discarding his resolution—even though the results do add up to the customary zero.

The term "good-bye" is a corruption of "God be with you". The centre of a standard baseball is a piece of cork the size of a marble which has been aged for 15 years.

"Mush", the Alaskan term, is a contraction of the French "marchons" meaning to go on. If you had flea-power, you could jump over a 90-story building.

After all is said and done, how does it taste in the cup? That is what counts!

"SALADA" TEA BAGS

ARE YOU a crochet enthusiast? If so you'll be interested in hearing about the Canada-wide Crochet Contest that is being featured in the stores during the month of January.

This is the type of Contest that's fun for all. You don't have to write twenty-five words, finish a jingle or name the Seven Wonders of the World. All that's necessary is that you do what you most enjoy—in this case, crocheting. A total of \$1200.00 in cash prizes is being offered to winners and you may enter in one or more of these eight classifications: tablecloths, bedspreads, luncheon cloths and sets, dollies, house-hold items (such as curtains, coasters, pillow cases, potholders, chair backs, hot plate mats), fashion accessories, teen-age girls and men only.

The contest is being introduced in January but that doesn't mean you have to complete your entry in one month. You have until Oct. 1st, 1951 to send in your crocheted work. So be sure to ask at the Needlework Department of your favorite store for an entry form and rules leaflet giving you complete information about entering this Canada-wide Crochet Contest.

Color in crochet is particularly attractive and is becoming more and more popular. Not only in fashion accessories but also in articles for the home. With new building going on in all sections of the country, many families are busy turning houses into homes. There's a difference between a house and a home, you know, and it's an important difference. A house is made of bricks and plaster, cement and shingles but a home is built on love and understanding, mutual interests and family pride. After furnishing your home with the essential large pieces will come the true test of your ingenuity in making your home the center of your family life. You'll want to express your own personality in your rooms by adding touches that reflect the taste and way of living of your family. This can be done most effectively in your choice of accessories.

WHAT IS Personal Planning?

Personal Planning is more than mere budgeting... that, by itself, is dull. Personal Planning is a positive financial program for successful individual and family living—a program for progressive and provident people—people who have ideas for their future and want to make them real.

That's why Personal Planning is so different. It is a plan that faces the fact that all of us must live on what we have—not on what we wish for. It also faces the fact that a budget-plan should never choke the fun out of life. It shows you how to put yourself on your own payroll, as well as the butcher, the baker and candlestick-maker. It shows you how to build for tomorrow, while you enjoy today. Yes, and it shows you how to get the most out of life with what you earn.

In Personal Planning, the important thing is: IT'S NOT HOW MUCH YOUR INCOME IS...IT'S HOW YOU USE IT.

You can cut down your money problems...with Personal Planning

DO YOU RUN YOUR MONEY, OR DOES IT RUN YOU?
Can you make your money do for you the things you think it should? You can...with Personal Planning.

BE MASTER OF YOUR MONEY... With Personal Planning, you can be boss of your budget...you can organize your life to rid yourself of "day-after-pay-day" worries. More than that, besides living within your income, you can make the most of your money with Personal Planning.

PERSONAL PLANNING FOR EVERYBODY... Get yourself a copy of our new booklet, "Personal Planning", and you'll see what we mean. Whatever your job in life...whether you're a factory worker or office clerk—stenographer or housewife—farmer, fisherman, miner or businessman...you will find it immensely practical in dealing with personal and family financing.

NO MONEY MIRACLES... Personal Planning doesn't deal with money miracles—or show you how to get rich overnight. That's something we know nothing about. But it does deal with money management. As bankers to the Canadian people for 133 years, we do know something about this.

HOW TO GET THE MOST OUT OF YOUR MONEY... "Personal Planning" is a cheery little book that tells you—whatever your income—how to get yourself on a sound financial foundation...how to get the most out of your money.

Call in at your nearest B of M branch and ask for a copy. There's no obligation...except to yourself.

A HOME TO LIVE IN

DESIGN A-194. An insulated concrete slab laid on a gravel fill forms the first floor. Heating and laundry equipment is housed in the utility room and 12 well-placed closets plus space in the large garage provides the storage room which is so important in a basementless house.

The two smaller bedrooms are separated by a folding partition and may be opened

into a daytime playroom, or a solid partition can be substituted if desired. Closets are all of the wardrobe type which utilizes the space above for added storage.

The plan also shows a fireplace with book shelves and wood-box, picture window, entrance coat closets, generous cabinets and kitchen dining space.

Exterior finish is siding, asphalt shingles and stone facing in front. Floor area is 1,182 sq. ft. with 12, 926 cu. ft., not including garage.

HASH

BY GEORGE HASKETT

Newmarket Sports Editor

Spits made one point in four with the Clippers—one more than most inside dopesters had them figured for. There were 1,250 attendees here; 1,325 in Stouffville. Two bus loads of fans made trip to Stouffville Saturday.

Penalties in the Thursday-Saturday double shuffle were 14 here, 18 there. Spits earned 13. Proved disastrous in first round at Stouffville. Clippers pounced with Spits a man short for four goals. Geo. Sayliss was top biscuit shooter at Stouffville Saturday with a four-goal display.

Things are getting back to normal as coach Molyneux now has three lines to shuffle. One string has Bill Mabbett centre, Myles McInnis and "Motts" Thoms as flankers. "Swiftly" Todd sets up the plays for Denny LaBine and Ken Broughton. A new unit of Bill Johnston, Normie Legge and Harold Tunstead has sprung up, awaiting the return of Don Smith. Stan Gibbons is doing wing and defense chores. Trio of blueline buffers, Al Shewchuk, Joe Peat and "Whitey" Bone. Joe Tunney was on the beam here in three-all draw with some fancy pipe-minding.

While Spits came up with a terrific game here, your observer thought they played better hockey against both Collingwood and Owen Sound. Maybe just an idea we had, but there seemed to be more zip and dash in those tussles and a quicker response to visitors' lapses. Bangay trouble? Long as we care to remember, Newmarket teams have been having trouble with these gentlemen: now they get it from two angles, coaching and on the ice. Bob has the Clippers going top speed and Nick picked up two goals in the two games.

Incidentally, that may prove a costly tie for the Clippers, that is if they have a mind to go Allan Cupping come March. Need every single point to match the Owen Sound "Mercury" production. Top team we're informed proceeds into the Allen Cup playdowns.

Bad chappies: Tendency of late, both here and at Aurora, that when the referee hands out a decision against the home sides to leave out papers, rubbers and anything else that's loose. Practically turn every hockey match into a minor brawl. A little of this goes a long way in the end, and tends to drive "the genuine hockey fan" away.

Regular rumpus at Aurora Friday as Hack Cain's "Bears" were given the loop de loop by Brampton. Started in second period as Ian Barron, branded the aggressor in a penalty box rhu-barb, and was handed his "going home" papers. But this was just the beginning. Trouble flared anew in the third period as Eddie Williams was thumbed away. Downright nonsense for a player to smash his stick to bits against the boards—besides sticks cost dough. And there's certainly no

Odds And Ends In Hockey Circles

Last week, one of our readers sez, "How about writing a regular column in place of being publicity agent for the hockey clubs?" We told him we were not on the payroll of any of the clubs or arenas and that this issue we'd correct things to suit him. So we won't mention this week that Newmarket Spits have a really important intermediate A tilt at home against Midland to night and Aurora Cubs will be playing Bowmanville at Aurora. Tomorrow night finds St. Mike's at Aurora Bears and we won't remind you of that, except to say that the double blue has been beaten by Unionville and tied by Brampton and Herb Cain's clan, hanging on the ropes, needs this game desperately. Woodbridge will be in Aurora on Tuesday to meet Aurora Indians and the two teams are evenly matched. Fie on publicity for the hockey clubs. Let's away on a round of sports news.

Do they play hockey in South Africa? The answer is yes, believe it or not. Back from a sojourn of three years in Johannesburg with a big oil corporation, Dudley Wilcox, former all-round athlete at Aurora high school, has been enjoying local hockey in copious quantities, and after the Wilkie fund game the other night, he recalled that he'd been playing hockey last summer on the Dark Continent.

The only arena on the continent is at Johannesburg and seats over 2,000, being slightly bigger than Newmarket arena. The fans come to the games in their shirt sleeves with the temperature around 80 outside, and ice-making is quite a tax on the arena system. The high altitude makes playing conditions none too good for the players with the result that changes are frequent and the rosters are higher than here, if possible. There is a six-team league and the enthusiasm is high at hockey which rates about what we call "town league" hockey in these parts.

The winter weather which goes down to around 50 or a little higher is "too cold" for the fans to enjoy the games at that season and the finals are in August or September. Canadians, English, Dutch, Polish, Czechs and a few South Africans comprise the teams. Two or three chaps from some of the European Olympic teams have boosted the calibre of play the past year. Dudley will not return to Africa, but he holds many happy memories of good sportsmanship thousands of miles from where he first donned a pair of skates.

John Stuart, now down south, ranked fourth in the take for Canadian racing stables the past year in figures just released. The Stuart take was \$34,927 from 23 firsts, 34 seconds and 27 thirds. John didn't have one of his horses rank in the first ten horses in Canada, as he did last year when he set a new Canadian money record and Bunty Line was picked as "horse of the year". The failure of Bunty Line, due to a tendon, and one or two others was a big disappointment to Stuart.

When summer comes we suggest you visit the National Stud Farm above Oshawa near Brooklin. Taking over the Parkwood Stables property, the association, a non-profit organization to improve Canadian breeding, has a beautiful site. It costs \$350 for breeding and you have your choice of the following sires: Tournel, who has a great record on French tracks; Fenelon, a son of the great Sir Gallahad; Flares, son of Gallant Fox, already the sire of over a million purses; Firehorn, who races second in the Belmont and Preakness as a three-year-old; Fairair, already established in Canadian racing records; Teddy Wrack, sire of Kingarvie, Moldy, Watch Wrack and many more. Some other horses are being purchased and it's hoped within a decade Canadian horses will hold their own with the best in America. It's a worthwhile target.

Sparky Vail, former defence man with the Newmarket Redmen of '33, is rated as just about the top official in northern Ontario and he's working practically every night in the Timmins area. Sorry we can't say that Bill Roberts, another former Newmarket defenceman (intermediate of '33-'36, later with Sutton), rates as high as Vail for his officiating. Roberts, along with Jack Shropshire, former Bolton junior, handled the Brampton vs. Aurora rhu-barb last Friday night and the refereeing was not O.H.A. in calibre but strictly T.H.L. It was no excuse, however, for the players of either club and Aurora, always noted for good conduct among the spectators and players, received a black eye. Neither Ian Barron or Eddie Williams added anything to their hockey future or their present status with temperamental displays.

Hugh McRae, last year a promising rookie with Aurora Meteors, is attending O.A.C. at Guelph this season and playing hockey with the Aggies. Red Mitchell, who was the target for much sniping at Aurora last winter, has had Lindsay juniors at the top of the heap in the Eastern Ontario Junior B group and they stand a real chance to clean up the east. Paul Maguire, after a shaky start, has been tending goal in sensational fashion and Grant Green, who hopped home from Aurora without as much as "good-bye", is also playing improved hockey. The Lindsay club would be a great drawing card for an exhibition tilt in either Aurora or Newmarket and we think Mitchell at this stage would be ready to bring his boys over this way. Need we say more?

Frankie Hughes, who as a youngster played goal for Aurora juniors in 1942 before being replaced by the late Don Hamilton, at 24, is the outstanding defenceman in the West Toronto mercantile circuit. Bruce McMillan, former Stouffville-Sutton-Aurora player who has joined Aurora Indians, is employed at Weston this year and playing mercantile hockey there. It is to be hoped McMillan finds it convenient to be on hand with the tribe, as he's a real addition.

Woff Out As Bradford Takes Thornton 12-4

Powered by a five-goal display by Roy "Mutt" Collings "who just dropped in for the exercise", Bradford "Celery Kings" had little or no trouble blasting Thornton into submission 12-4 Friday at Bradford rink. It was the Celery Kings' first win in two starts in the South Simcoe rural circuit.

Harry Caradonna started the victors on their way with two early goals. Bill Boychoff was the other two-goal man. Bruce Collings, Gord Zabo and Evan Stevens shipped in with single goals to complete the run to the wire over the young, inexperienced Thornton club.

Joe Wolf, Bradford winger, provided the main excitement of the first period as he tried to stage his own version of the Omaha Charles fight by belting referee Bob Peters. Mr. Wolf howled loud and long but nevertheless drew a match-misconduct sentence for his scrap with the law.

Bradford has a home game with Beeton booked for tomorrow, Friday evening.

Aurora Rockets After Fourth Straight Saturday

Andy Closs' goal-hungry, undefeated Aurora Junior D's wall-popped Millbrook 17-3 last Thursday. Leading scorer was Grant Winters with a four-goal display. Two-goal lads, as Aurora turned on the steam, were Chris Wansborough, Don Munshaw, Walt Fines and Artie Barber. Don Clayton, Lowell Waller, Andy Closs Jr., Bill McHale and Stew Wilson horned in on the scoring swag for one each.

Tonight at Aurora comes the big test for Closs' hopefuls. Bowmanville, rated as junior C with the O.H.A., move into Aurora arena for a trial of strength. The very busy Mr. Closs reports "we're out after our fourth straight win and naturally would like to see a good fan following around to cheer these kids on". Need we say more. Aurora arena 9 p.m. the focal point.

HAWKS WIN 1ST, ECHO MAJORS, 'STOP REDWINGS'

Black Hawks, Maple Leafs and Red Wings were National Hockey League victors as our minor hockey pals kept things humming at the arena Friday. The lowly Black Hawks, after being dumped on their well worn britches four times in a row, rallied to score a goal a period to sneak home 3-2 winners over Don Warner's Bruins.

John Graham was the cracker-jack on the Hawks' front line, popping away for two goals. Laurie VanZant connected for an unassisted first period tally and along with Glen Keffer, was the helper on the other Hawk counters. Murray Chandler, hot as a July heat wave, with side help from Ron Bray, clicked for both Bruin tallies. Bruins starting their rally too late to draw up even with the Hawks.

Bob Forhan delivered the knock-out punch with two last period tallies to enable the Leafs to gain a 3-2 win over Canadiens. Forhan was a one-man scoring show for winners, picking up a first period tally to start the Leafs on their way. Harvey Burling and Bill Forhan drew assisting tickets. Delwyn Creed drew first blood for the Bruins with an unassisted effort and along with Jack Cain shared the helper role on Sam Bondi's third period marker.

"Stop the Red Wings" is beginning to ring a familiar bell, but the \$64 question is who can do it? Red Wings increased their lead Friday by slam-banging their way to a 6-1 win over Rangers. Freeman West and Bob Wilson had three each. Bill Cain picked up three assists and Don Thoms two for the winners. Geo. Davis sparked the Rangers and worked up a three-way relay with Doug May and Raymond Gurr for the lone Ranger marker, Geo. doing the actual shooting.

Aurora Merchants Lose Twice in Town Contention

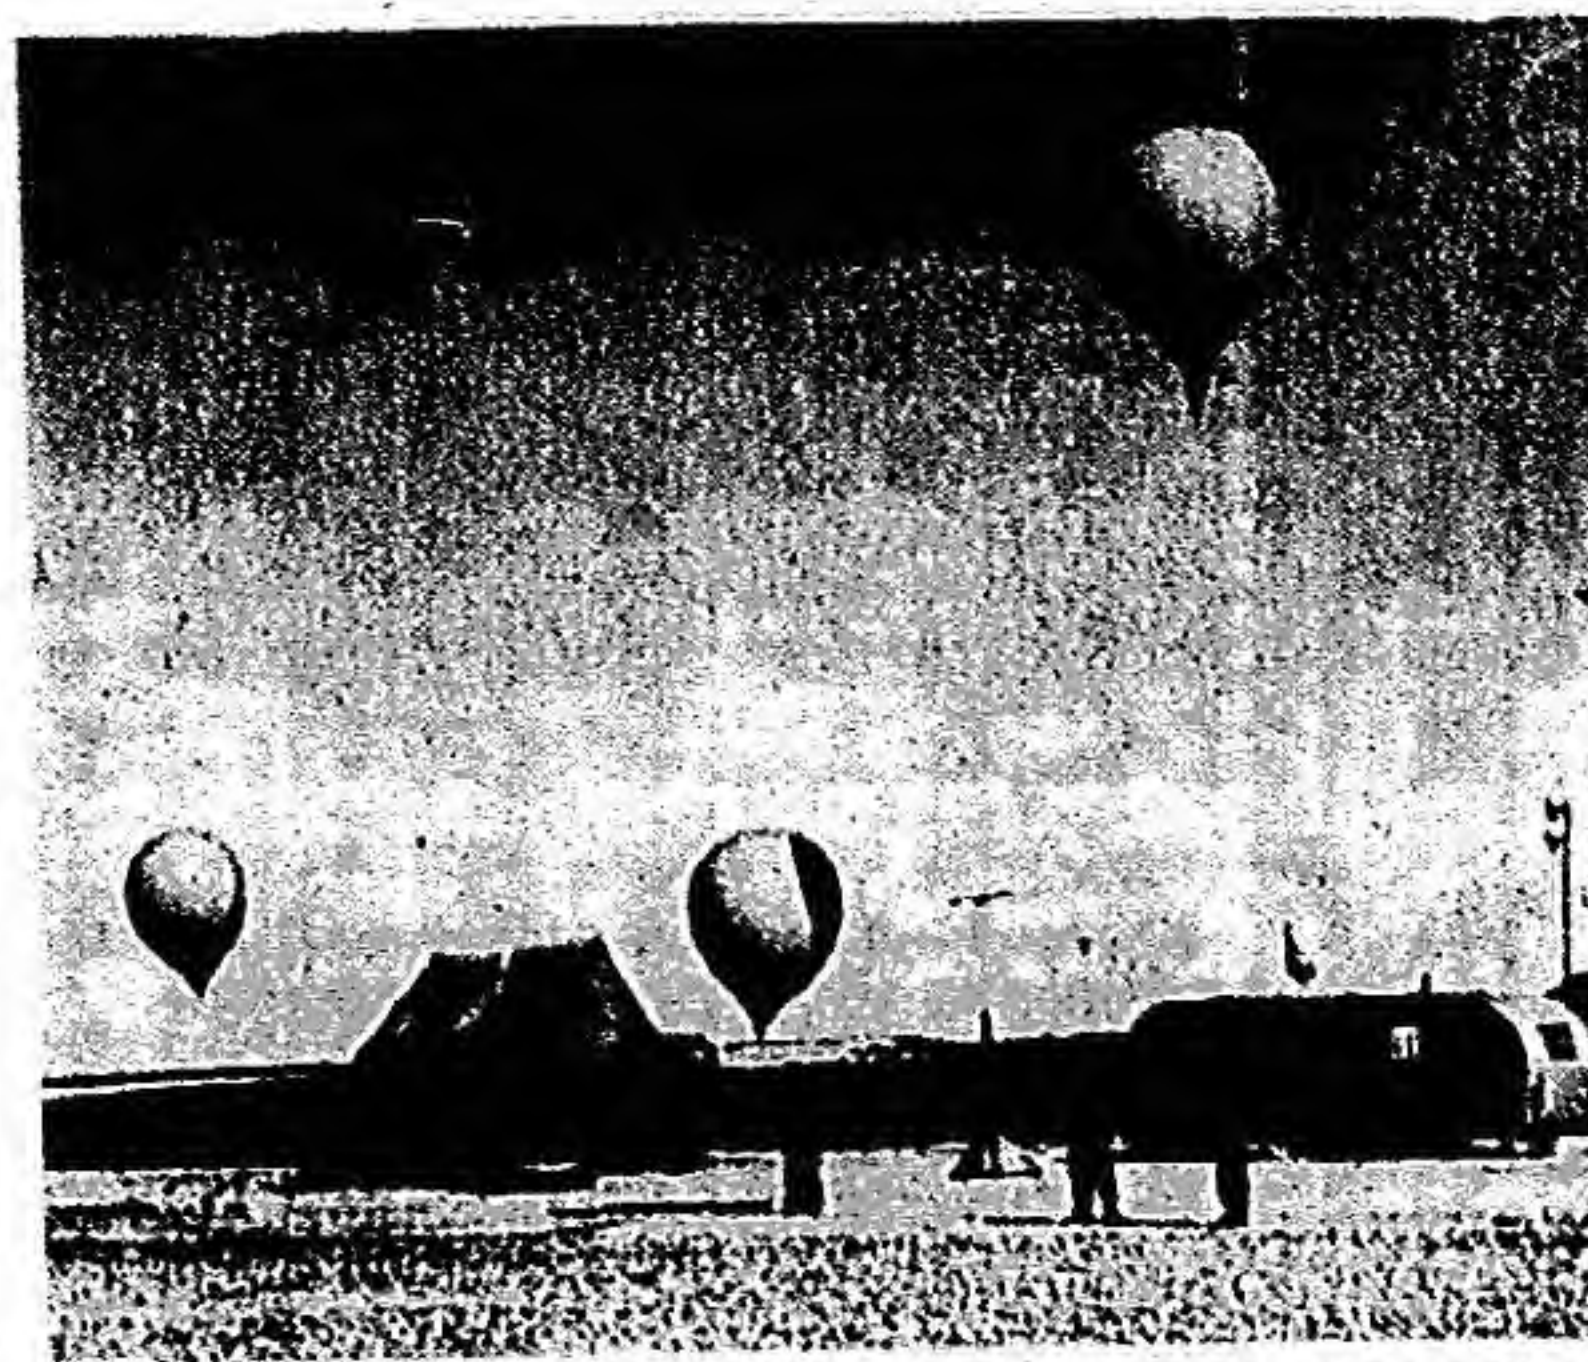

If you're greeted with a forlorn look around Aurora stores this week, there is no need to hunt up a Sherlock Holmes to ferret out the cause. The answer is simple. The Merchants took a couple of lickings in the Aurora Town League over the past week. Last Thursday the league leading Collis "Tanners" popped over the Merchants 4-2. On Monday, Ditch Diggers spread the gloom with a 10-5 win over the Merchies.

Lorne Fleury, "Red" Castle, Bill Kirbyson and Walt Davis shared the scoring spotlight for the Tanners in their win. Alf Coley and Harold Nesbitt connected for the Merchant tallies.

Capt. Mickey Sutton and Bob Knight sparked the Ditch Diggers with three goals each in Monday's free-scoring tilt. Doug Miller was a two-goal man. John Skasko and Ronnie Smith struck for single tallies. Harold Nesbitt was Johnny-on-the-spot to pick up two goals for the Merchants. "Lefty" Phillips, Luke Holman and Gene Rose collected the other scoring points for the Merchies who dived into the league basement via these two set-backs.

'Berg Juveniles Improved But Lose Again 5-2

Schomberg juveniles came up with an improved display in their second outing in the O.M.H.A. but still fell short of a win over Bolton in Beeton arena last Thursday. The Bergers lost 5-2. Murray Edwards, who is away ahead of his mates in conditioning, came up with a pleasing display for both Schomberg counters. Next opposition for Schomberg is Beeton and coach Bruce Graham and manager Doug Marchant indicate this will be the number one victory to go into the win column.

Balloons start their ascent at Fort Churchill, Man., to carry instruments to the atmospheres "ceiling" and to obtain data on the cosmic ray. Science has long been puzzled as to the origin of these energy-charged particles which bombard the earth from outer space. A report on these findings may establish that the sun is the major source of the cosmic ray barrage which beats upon the earth. The National Geographic society and the Bartol Research foundation of Swarthmore, Pa., co-sponsors of the research program, have set up their expedition at Fort Churchill, situated in the bleak Arctic region above the Hudson Bay outpost.

Lou Lunney Sets 10-Pin Empire Record

A former Newmarket girl, Miss Lou Lunney, hung up a British Empire record for women of 633 in three games of ten-pin bowling. She was bowling with the Brunswick Mineralites

in the Toronto league at the Olympia-Edward Alleys, before Christmas.

Miss Lunney, a bookkeeper with Dominion Stores, started with a 205, followed with 233 and finished with 245. The previous record for women had been only 638, a good 45 below Miss Lunney's total.

Rockets Still Improving But Not Enough To Win

Newmarket Rockets looked like "Little Lord Fauntleroy" for a period Tuesday night—and that period was enough to allow Collingwood "Greenshirts" to rain in five goals.

You just don't spot the Greenshirts five goals and get away with it. The Greenshirts nursing that early production along for a 9-6 win over the Rockets. It was the Rockets' sixth loss in seven tries. What happened between the first and second periods, we're not qualified to say.

Though we didn't see coach Joe Peat carrying in his spurs, he must have rode herd on his charges. They came out in the second and though outscored by a 4-2 margin—it was mighty improved show they put on and in the third period they outscored the visitors, hailed by their local disciples as the future junior C champs, by a 2-1 margin. The general impression was that the visitors realized before the night was out they'd been in a hockey game.

Rockets' scoring punch, when they did find it, was spread around thinly. No one picked up more than one scoring credit. Rod Black, Stroud product with the Rockets, on a three-way passing play that took in defensemen Bob Hanna and Sid Beattie, fired number one. Dick Shannon with Aubrey "Pep" Martin and Rod Black earning assists whipped in

Rockets' second marker of the first.

Bob Veale, improving each time out and has a wicked shot from the right boards, picked a corner for Rockets' third. John Gasko was put in the clear by the fast skating Archie Forfar, closing Rocket scoring in the second.

Keith "Tito" Collings broke away from the pack at his own defense and made no mistake on the Collingwood door step to open the third. Bob Hanna let fly a rising shot to pick the upper corner after having the biscuit put on his stick by John Gasko to complete the scoring picture. Oddie Morrill sparked the visitors with three goals.

Rockets put up an improved show—more of that third period mood and they won't be dumped on their britches again without somebody hearing about it.

Tanners, Town Share Wins in Newmarket Loop

Harry Thoms' Davis "Tanners", though short-staffed, dug up enough enthusiasm in the Town League "double dish" Monday to whomp Hoffman's 4-1. In the night cap, Town "Merchants", paced by Bob Smith, recovered their scoring punch to roll to an 8-4 win over Office Specialty.

The Tanners picked up a 2-0 lead in the opening round, the teams shared a goal each in the middle "go" with Tanners adding the insurance marker in the third. Bohmer Groves stole away from his Hoffman checks to club in three goals to spark the Tanners, one unassisted and other two with help from brother Jack and Penny Townsley. Cliff Gunn's second period unassisted goal spoiled Reg Baker's bid for a shut-out in his first appearance in the Tannery cage. Baker is subbing for the injured Geo. Fletcher. Bruce Townsley parked number four tally in the Hoffman cage, via a nifty bit of stick-handling.

Town "Merchants" did a bit of sprinting in the opening period to open up a six-goal edge before the Specialty awoke to the fact there was a game on. The second period was scoreless while the teams took an even cut of the scoring in the final frame with two each.

Bob Smith showed his scoring class around Tod Mosier's door step with two goals and four assists. "Shorty" Wrightman, Ken Groves, Harold Gwyn, Ken Russell, Ivan Gibson and Ron Eves poured on the scoring heat with singles. Barney Pearson picked a corner for two goals to once again pace the Cabinet Makers. Albert Evans and Grant Crowder beat Bill Ingram, who had a busy third period, for the other Specialty markers. Ken Broughton handled the whistle-toting in both games.

Late Starts

By George Haskett

The old bugaboo of "late starts" is again getting a full fling from quite a number of the patrons of hockey teams in Newmarket and at Aurora. Several fans have prompted us to get busy "and knock somebody into the aisle about it" and are pressing for an answer.

Their query is: "Why in the name of all get out, when a game is advertised for 8.30, why doesn't it start then? Not at 20 to 9 or later."

Very extreme case this week. Newmarket Rockets scheduled to take the ice at 8.30 Tuesday, or so we were led to believe, and didn't start until 9.10. As several fans report, "We're not going down there to freeze for half an hour or so waiting for hockey teams to start."

They've got a point and it's a genuine beef. Number of games hereabouts to start on time could be counted off on the fingers of one hand. That, friends, may be one of the answers to short attendance.

Now if the O.H.A. without our knowledge hasn't snipped the page out of the rule book, translated literally it reads "twenty-five bucks fine if any game isn't started on time". Why they don't clamp down on this and have every referee make his report stating starting time, we'll never know. The rule's there. Why not enforce it?

We're told since setting the trusty Underwood in motion that Tuesday's game was delayed because Port Perry was late arriving. That delayed the whole show and set the junior game back a full half-hour. Maybe so but 90 percent of the time it's just a case of the teams not making an effort to start on the dot.

Several fans also raise the point of why aren't the goal scorers, etc., given out over the P.A.? Yours truly gets the blame here—and we'll see what can be done about it. You listening, Mr. Dixon?

Juvenile 'Imperials' Win Second Straight 4-0

Newmarket "Imperials"? Never heard of them you say. Well chum you will. They're our juveniles. That's their new name in honor of sponsor Imperial Cee. Taylor.

Tuesday evening they packed four goals into the second period to earn a 4-0 shut-out win over Port Perry. It was the second straight win for Bohmer Groves coached clan. The game was cut to two periods due to the late arrival of Port Perry.

A Norm Lighthouse to Mickey Barker to Stan Pollard three-way relay started the Imperials on their way after 55 seconds of duelling in the second period, and they never lost the lead. Bruce Langford made it 2-0 and Stan Pollard made it three, both on unassisted voyages into the Port Perry goal-mouth. Wayne Robinson clicked on a pass from Bruce Langford before the period came to a close to shut the scoring books.

Ken Burke in the Newmarket cage had some hot ones to stop but did his duty in big league style.

Bantams Take Ajax 6-1 For Third Straight Win

Newmarket Optimist bantams blazed a red hot trail in the O. M.H.A. group-play to register their third straight win at the arena Friday, knocking off Ajax 6-1. It was the second time in less than a week that the locals have flogged Ajax. The Optimists rang the bell for a 4-1 lead in the opening round and never lost or had their lead threatened.

Bill Cain carried the main scoring punch for the victors with a pair of goals and an assist. Grant Morton, Bill Forhan, Bob Wilson and Ken Bell had single tallies. John Galbraith and Francis Lewis earned assists. Terry Wensley spoiled a shut-out performance for Murray Young late in the first period.

Both the midgets and bantams, under the coaching eye of Fred Dillman and Ken Broughton, are going great guns and have another double-header attraction this Friday at the arena. Officials of the teams wish to thank Don Smith, Grant Blight and Ken Russell for their fine refereeing chores.

Newmarket: M. Young, C. McGuire, G. Morton, B. Wilson, B. Millian, W. Arkinstall, K. Bell, W. Cain, J. Galbraith, J. Mills, W. Forhan, F. Lewis, D. McKnight, W. Townsley, J. McGuire.

Ajax: F. Wotton, F. Fawcett, W. Laycoe, E. Torg, T. Wensley, W. Tait, N. Nostrand, W. Boyd, L. Jones, J. Rennie, W. Johnston, T. Skelcher, D. Noland, J. Neill.

Aurora's Turn in Midget Turn and Turn About

Newmarket Optimist midgets and Bill Mundell's Aurora Cubs have been trading wins since they started out this winter. It was Aurora's turn Friday at the arena with a 4-3 win in a well played game.

Bob Forhan, who has a habit of cropping up in the scoring summaries with the greatest regularity, shot in two goals for Newmarket. Freeman West notched one and assisted with two. Bob "Stogie" Hodgins also rated an assist.

Aurora scoring was shared four ways with Don Morning sniping for the first with John Richards and Merle Winters starting the pay-off relay on its way. John Richards, Grant Edwards and Ron Knowles were other Aurora marksmen with unassisted efforts.

Aurora: R. Starkey, B. Andrews, M. Chapman, S. Wilson, T. McClelleny, C. Murrell, M. Winters, J. Richards, J. Urquhart, D. Morning, G. Edwards, W. Egan, R. Knowles, R. McGann, G. Kiroff.

Newmarket: G. Langford, B. Broadbent, F. Stewart, D. Creed, B. Forhan, F. West, G. Davis, M. Chandler, E. Lathan, B. Hodgins, B. Beaudoin, L. VanZant, J. Zumianski, G. Keffer.

Aurora Indians Up Lead With 7-2 Win Over Navy

Aurora "Indians" increased their lead atop the Trolley League standing to a full eight points by giving Navy a 7-2 loss Tuesday in Aurora arena. The loss, the fourth Navy has absorbed, skidded them further into the deep dark shadows of the league basement.

Don Campbell shot in two first period tallies to give the Indians a 2-1 edge. Loring Doolittle took over charge of the scoring traffic in the second period with a pair of neat tallies and was the marker horse on Keith Wardell's marker. Aurora's third of the frame as Indians lengthened their margin to 5-1.

Bill Patrick and Loring Doolittle pulled the trigger on third period counters for the Indians to close up their scoring books. Don Campbell and Keith Wardell were helpers on Patrick's goal. Wardell came right back to feed the disc to Doolittle for his hat-trick performance. Bill Bazan and Hal Capra were the Navy sharpshooters.

Tight Overtime Play Gives Queensville Win

Three goals in a thrilling overtime passage enabled Queensville to eke out a 7-6 win over Vandorf in an exhibition game at Queensville arena Friday evening.

It was the curtain raiser on the hockey season at Queensville. Queensville had to dig hard for the win as Vandorf poured in for two goals in the overtime period. It was a four-all deadlock at end of regulation time.

Lorne Shropshire, Bill Coates and Allan Lockie were the big guns for Queensville with a pair each. Hun Hood connected for the seventh and final tally for the winners.

Clem Ellis and Bill Kingston made it a two-man scoring show for Vandorf, planting three goals apiece.

"That's just a sample of what kind of hockey we can look for if we can get the league going," reports secretary Ken Rogers. "Vandorf and Queensville are ready. We need two more teams." Anybody listening, step up. Don't be bashful, men.

Luckless Spits Target For \$ Men Score Spree Return Here Tonight

There's been a whispering campaign on lately in the Big Seven circles that Markham "Millionaires" were due to break out in a big scoring rash. All very well and good, most of us would say, but when Earl Robinson's Markies choose our Spits as the targets to start piling up their scoring statistics, it's not so good.

Wednesday the Spits visited Unionville for a passage with the Dollar Men and came away on the very short end of a 9-2 drubbing. Third place in the Big Seven group was the prize and now Markham holds a three-point edge over the Spits as they do battle here tonight (Thursday).

The Spits trailed 2-0 at the end of the first frame. Jack Watson picked up the first of three and Ron Bell the first of his two goals. The first one came at 10.30, Fred Dillman, subbing for the absent Joe Tunney, not having a chance on either shot.

Markham spread its wedge to 3-0 early in the second before "Swiftly" Todd engineered a close-in shot by Normie Stunden who was in his best form. Toddie's goal came via a relay from wing-mate Denny Labine who in turn had the biscuit dropped his way by Al Shewchuk. Markham upped its margin before the second period closed on goals by Moe Galand and Norm Grey. That made it 5-1.

The Spits had more gloom descend on them in the final frame as Markham, though hemmed in their own back yard considerably, got out often enough to work up a 4-1 margin to build their total to nine. Bill Mabbett came through with a pretty goal at 2.11 mark of the third after Myles McInnis had shifted the disc his way from left boards.

Fred Dillman was injured nearing the three-quarter mark and had to go off for repairs from a stick-nick. Freddie came back and though the rigging was bent behind him nine times, came up a number of big league saves to keep the score from mounting higher.

Spits were not on. Their scoring punch was missing. They had their share of territory play, especially in a driving last period—but Normie Stunden committed grand larceny time after time.

Jack Watson with three, Moe Galand, Ron Bell and Norm Grey, two-goal men, collared the Markies' tallies.

Teams return to battle here tonight and the Spits will have to get primed up for their visit to Stouffville Saturday night or else fourth place may go as both Alliston and Collingwood are showing signs of looking alive further down the ladder.

CLIPPERS CLIP SPITS 7-2

Smoke signals around the senior Big Seven circuit have aroused the suspicion that Stouffville "Clippers" are able to recognize an opening and do something about it, namely a 7-2 win off Spitfires Saturday at Stouffville before 1,350 fans. The opening the Clippers seized was three minor sentences handed to the Spits. Stouffville promptly parlayed its manpower advantage into a 5-0 first period spread.

Outside the first goal, scored with sides even at 7.25, the Clippers worked their scoring magic with Spits at a one-man disadvantage. Myles McInnis was "visiting" when Nick Bangay made it 2-0. Al Shewchuk was doing time for holding at 11.58 as the Clippers clipped in their third. Stouffville's fourth and fifth counters were quickies with Normie Legge in the hoosegow for an interference infraction.

After that first period flurry, Spits and Clippers strode along together with two each in the second. The teams duelled with-out results in the final period.

Stouffville clicked early in the second to make it 6-0 before the Spits conjured up a date with the scorer. Bill Johnston, after being cleared on his way by an Al Shewchuk to Normie Legge relay, found a chink to put the biscuit behind Rhodes in Stouffville cage. "Swiftly" Todd then raised the cheers from the Goodwood section to slap in a close in drive on a pass from Ken Broughton. That was the extent of Spits scoring. Stouffville knocked at the door for their seventh before second period wound up.

Clipper's Geo. Sayliss did a brisk business with the scorer, nabbing four goals.

SPITS TIE STOUFFVILLE

Fans and fanettes who came prepared Thursday to shed tears as to what the very hot Stouffville "Clippers" might do to Newmarket Spits, stuck around through ten minutes of overtime to watch the vaunted high scoring league leaders being held to a 3 all draw.

The Spits' share of the point split enabled them to jump into undisputed possession of third place in the league race.

Stouffville, with the name for being hot first period shooters, compiled with a first period 2-1 edge. The Clippers further brightened their outlook with the lone tally of the second period. Half way through the third, Denny Labine picked up a pass sent

Schomberg Out of Collar With Win Over Kleinburg

Elgin Hasting's Schombergers opened their bid Friday to rid themselves of their cellar dwelling position in the King-Vaughan hockey circuit. Given an uplift from three new recruits, the Bergers recovered their near-dread scoring punch to whip in nine goals and skate off with a 9-6 decision over Kleinburg. The Schomberg win halted a five-game losing streak that tumbled them from the top of the heap to the very bottom.

Friday's win enabled the Bergers to draw back into a tie with Bill Muirhead's Kettleby squad for third place in the race. Schomberg scoring was shared by Bill Winters, Bud Brown and three new front-liners Ed Hughes, Nick Michnik and Milt Kerry.

In the second half of the double-header attraction Kettleby slipped off the victory trail to drop a 6-1 decision to the front running speedy Nobleton clan. Don Munshaw broke the goose-egg spell hanging over Kettleby by shooting in a late third period tally. Kettleby was short-staffed as playing coach Bill Attridge had to retire early from the fray due to illness.
